## CAMERON FAIR SEPTEMBER 29-30

### FIVE PRISON TERMS IMPOSED IN DISTRICT COURT

#### TO DECORATE CITY FOR COUNTY FAIR SEPTEMBER 29-30

SOME OF THE THINGS BEING  
DONE TO MAKE IT  
SUCCESS.

The Fair Manager announces that Mr. R. D. Alley, a professional decorator has been secured to decorate the streets of Cameron as well as the places of business and the autos for the parade. This will add much to the success of the Fair, by dressing the town in gala attire.

Auto parade prizes are offered by the Fair Committee as follows:  
For the best decorated auto...\$10.00  
For the second best...\$ 5.00  
For the best decorated float...\$10.00  
A committee of 3 disinterested citizens will be selected to make the awards.

The Coca Cola Company has been awarded the ice cream and cold drink privilege at the Fair grounds, on a competitive bid. Other concessions will be sold and those interested will do well to see the Secretary at once.

An additional feature has been added to the entertainment program in a Goat Roping contest at 4 p. m. on each day. This will be a highly interesting contest in which the best ropers of Milam county will compete.

There will also be races and contests of all kinds for the school children. School children who take part in the parade will be admitted free on Friday, as the parade will end inside the grounds, where the prizes will be awarded.

Work will begin Monday on the housing for the live stock.

Mr. J. T. Parma is chairman of the housing committee and will be in charge of this work. Pens will be provided under shelter for the hogs, cattle and horses. There will be a separate house for the poultry.

The Wilson-Ledbetter Park, where the Fair will be held, is one of the prettiest spots in Milam county. The underbrush has been cleared out and a road has been graded through the park between the two entrances. Water has been provided and lights will be put in. It is an ideal spot for a stock and poultry show, as there is lots of shade.

Miss Stella Carter Milam county Red Cross nurse, has arranged for prizes in the health contest.

#### Aged Man Dies In Cameron; Fail To Locate Relatives

#### JOHN MOHELNIK BURIED IN CAMERON—NO RELATIVES LOCATED.

John Mohelnik aged man and for many years a resident of this county, who died here Monday was buried in the local cemetery Tuesday with the undertaking parlors of C. N. Green & Bros. directing the funeral.

Up to Thursday relatives of the aged man had not been located. The whereabouts of his people is unknown and no papers among his personal effects gave any clue that might lead to the location of his people.

Judge Jeff T. Kemp, now county Judge, but for many years county clerk, recalls having issued many years ago a marriage license to John Mohelnik, and in later years recalls that he and wife were divorced.

A bank book found in his coat showed that a deposit of \$500 had been made at a local bank but investigation developed that this had been withdrawn from the bank. He has some property in this county.

#### SEPTEMBER 26 IS FIRST OPEN DATE FOR FOOT BALL

YOE HIGH SQUAD WHIPPING IN-  
TO SHAPE FOR SEASON  
STEP-OFF.

For the past two weeks the foot ball squad has been working hard and are fast whipping into shape for the first game of the season.

Many of the last year's men are in the line up and things look pretty good for a winning team this year. Not only have many of the old men reported but there is a wealth of new material that is going to make some of the old men whip up to retain their places on the squad.

Capt. McCall, Baggett, Taylor and McGregor look like a real team in the back field while in the line it looks like it is any even break between some of the men for places and only time will tell who is to be in the line. Togo Joynes is filling the snapper-back position very nicely since this is his first year at this position. He is very aggressive on the defense and his passes working nicely on the offense. The two ends, Green and Watson are going to have a hard time keeping the scrubs off; while the guard and tackle positions have a host of men out for them.

The season will open up in Cameron on the 29th of September with the strong Belton team as our opponents. You will remember that they beat us last year so be out there and help us give them a good beating and sweet revenge will be ours.

We may possibly play Rosebud here on the 22nd but the game has not been definitely settled.

The following men are out for daily practice with more reporting daily:

Togo Joynes, A. Baggett, G. Flinn, R. Boykin, H. McGregor, F. Dusek, J. Taylor, S. Cheeves, R. Johnson, J. Hearrell, J. Hefling, E. Green, H. Willis, E. Thompson, G. Graham, L. Williams, H. Wallace, H. Tindall, A. Howell, K. Keith, W. D. Blackstone, E. Ggee, E. Baggett, M. Wiley, G. Triggs.

You will probably be interested in the schedule for this year, and you will notice that you are going to get some high class foot ball this season. So get your season ticket and line up as one of the supporters of the high school:

Cameron vs. Belton, Cameron, September 22.

Cameron vs. Temple, Bell County Fair, October 3.

Cameron vs. Granger, Cameron, October 13.

Cameron vs. Taylor, Taylor, October 20.

Cameron vs. Killen, Cameron, October 27.

Cameron vs. Thorndale, Cameron, November 3.

Cameron vs. Rockdale, Rockdale, November 11.

Cameron vs. open, Cameron, November 17.

Cameron vs. Georgetown, Cameron, November 25.

P. S.—The Thanksgiving is to be scheduled later, but will be played in Cameron.

#### CHRISTIAN CHURCH.

Bible School 10 a. m., E. Wade, Superintendent.

Preaching 11 a. m. and 8 p. m.

Mid week meeting, Wednesday 8 p. m.

Ladies missionary meeting Monday 4 p. m.

T. F. Weaver, Pastor.

Miss Mary Lake Henderson left last week for Dallas where she will teach school this season.

#### THOUSANDS SEE KLAN CEREMONY

#### Woman Dead From Burns

Thorndale, Sept. 20.—While attempting to light an oil stove at her home in the Detmold community, about three miles northwest of here, Monday afternoon, Mrs. Albertine Thaler, 47, received burns from which she died a short time afterward. As she attempted to light the stove, Mrs. Thaler fainting, the match igniting her clothing and before she regained consciousness she was severely burned about the lower limbs and body. She was alone at the house at the time of the accident. Besides her husband, Mrs. Thaler leaves four children, Max and Herbert Thaler of Detmold, Mrs. Adolph Weise and Martin Thaler of Sandoval. Funeral services were held at Detmold, conducted by Rev. J. E. Scheffel.

#### JOE MONDRIK WILL FILED IN COUNTY COURT FOR PROBATE

ESTATE VALUED AT \$50,000  
GIVEN TO RELATIVES BY  
LATE BUSINESS MAN.

The estate of Joe F. Mondrik who died in Cameron Monday September 18, 1922, valued at approximately \$50,000 is prorated to relatives under the terms of his will which was filed in the office of the county clerk Wednesday.

The will was made and executed by Mr. Mondrik on September 14, just three days before his death. The will was filed for probate by Chambers, Wallace & Gillis, attorneys for the estate.

Frank C. Mondrik, brother of deceased, is made administrator of the estate without bond. The largest bequest in the will was made to Frank C. Mondrik.

The will provides for the sale of farm lands in the county to be converted into cash to take care of bequests made in the will. The lands provided for sale in the will consist of 390 acres in Milam county.

The following bequests are made in the will: The sum of \$2000 to be paid to Joe Mondrik, Sr., and F. C. Mondrik and E. L. Brod as trustees for Mildred, Mabel, Gladys and Grace Hertenberger, children of deceased sister, Mrs. Carolina Hertenberger; \$2000 to sister Albina Wohlleb; \$1000 to sister Amalia Mondrik; \$500 to sister Josephine Matocha; \$500 to sister Angela Knizek; all remaining from sale of land to be divided into ten equal parts and to be paid over in the following manner: One tenth to each of the following—F. C. Mondrik, Dr. Albert Mondrik, Louis Mondrik, Josephina Matocha, Mrs. W. R. Newton, Tressie Matocha, Amelia Mondrik, Mrs. Albina Wohlleb, Angela Knizek and one portion for the use of the minor children of Mrs. Carolina Hertenberger.

All of the remainder of the estate of Mr. Mondrik which consists of business interests in the city of Cameron is bequeathed to his brother Frank C. Mondrik in fee simple.

Thompson Kemp, son of Mr. and Mrs. Jeff T. Kemp of Cameron, is in Marlin for his health, having come to his home here several weeks ago from Dallas ill.

Mrs. James Watson spent part of last week with her mother in Eddy.

NEAR 200 MEN TAKEN INTO OR-  
DER NEAR CITY THURSDAY  
NIGHT.

More than ten thousand people witnessed the public initiation of nearly two hundred candidates by the Knights of the Ku Klux Klan near Cameron Thursday night.

It was the first public demonstration ever held in the county by the Ku Klux Klan although the organization has been known to exist in the county for more than a year. Liberal announcement of the public initiation had been made in the county papers and spectators and Klansmen had been attracted from adjoining counties.

The initiation was held on a small prairie adjoining the city limits of Cameron and the arrangement of the celebration with the great fire cross, which shed its soft light over many acres of the prairie with approximately two thousand robed Klansmen in the enclosure combined to make the occasion one of novel and mysterious influence peculiar to the Invisible Empire.

Shortly after nightfall spectators began to pour in at the gates which were guarded by robed Klansmen. Before eight o'clock the park space for automobiles in the rear of the spectator's row had filled up and it became necessary to surround the entire 26 acre ground with the cars. Around a weird red flame light in a small clump of woods near the enclosure Klansmen who came to participate in the program robed themselves and then filed to the field through a specially reserved avenue through the crowds.

Over in one section of the big enclosure was the long barbecue pits and tables. The fire cross, its main stem a large telephone pole and with its cross arms reaching many feet to each side of the pole was erected to a height of about 50 feet. It was studded with hundreds of small electric bulbs with a background of red so that when the switch was thrown shortly after darkness had settled down over the mysterious sea of moving Klansmen its soft light spread to all sections of the prairie where thousands of spectators were banded to witness the ceremonies.

At about 9 o'clock Klansmen began to mass in a remote section of the enclosure and presently a square covering several acres of ground was formed with the aliens in the center. Presently the outline of a small fire cross studded in the darkness began to move about the enclosure and the initiation was in progress. Many spectators not realizing the amount of time required for the ceremony of naturalization became restless and hundreds left the scene before the speaking began.

It required more than one hour to complete the secret work at the close of which the robed figures with candidates to center marched to the fire cross along side of which was a high pole from which flowed in rich even lines of stripes and stars the American flag. When the lights of the cross were flashed hundreds seeing the beaming silhouette of Old Glory in the silken halo of the cross removed their hats or bowed in respect to its majesty.

A large motor truck improvised for the occasion served as a stand for the speakers on which were a number of Klansmen. The speaker was unmasked. On the platform with him sat three ministers in full regalia. This part of the ceremony was opened with a prayer led by one of the white robed ministers after which the choir led in the singing of "America" in which joined the hundreds of Klansmen and spectators, a mighty voiced (Continued on page 8.)

#### NEIHAUS DEEP TEST BEING WATCHED BY OIL OPERATORS

MINERVA SHALLOW POOL BE-  
ING DRILLED TO DEEPER  
DEPTHS.

The past week in the Milam county fields has been a busy one, especially in the wildcat area, where hundreds of acres are being leased in the expectations of starting deep test wells. Each day there are numerous scouts and geologists seen on the streets of Cameron. The large companies are paying much attention to this part of the country, and all the dope that is being put out is that they are attracted here because of the large number of dry holes that were drilled in the Kauffman and Titus country area, and they expect to play in this direction instead of north, all are agreed that the well at Kosse and the producer at Luling in Caldwell county, makes Milam county look good and they are overlooking no bets, even the most conservative of them. Milam County is right in the path of large production and with two of the wildcats, that will be drilling shortly, the field will attract some attention, all over the State.

Probably the most interesting test in the county and one that will be closely watched is the semi-deep test, being drilled by the Lee Oil Co., on the Neihaus tract in the Minerva shallow field, the test will probably be spudded in by the time this goes to press, and the goal is the 1600 to 2000 foot level. There has only been one producing sand found in the shallow area and from all indications present in the field several sands at different depths below 1600 feet, should be found, which will no doubt be found productive. If wells of 100 barrel capacity are drilled in below the present producing stratum, acreage that is on the outside of the shallow area that has been condemned will be drilled again, and the field will be as attractive as the Laredo district is, to the operators, and in addition the length and breadth of the field will be extended.

The wildcats are all closed down, one of them S. A. Guiberson, Jr., number one L. N. Posey is expected will be started up this week, when Mr. Guiberson arrives here from New York. The Fredrick C. Nelson, number one Laeffere in western part of Milam county, is building an 84 foot derrick and tools are moving on. A rig building crew from the Mexia field is doing the job, and the rig is expected will be up the latter part of the week.

The Milano Uplift Oil Syndicate, number one Mon Ashley, south of the Posey test are moving on tools and lumber for the derrick. This will be a cable tool test, and is being financed by California people.

Fogel et al, operators in the Minerva district are preparing to drill a semi-deep test in the vicinity of Milano, on Sandy creek.

Baggett and House are having some trouble on their number six Henry, 50 acres. The drillers are stuck on a rock which cannot be penetrated with a fish tail bit. A few Rock Roller bit has been ordered out of Houston, and drilling will be resumed by these operators, when this arrives.

The Newell Oil and Gas Company, which has five producing wells on the Neihaus tract, and which company has been shut down for some time are preparing to start operations again.

Leases are active in all parts of the county and every inch of territory is being gobbled up. Some real results are looked for soon which will reward the pioneers for their efforts thus far.

#### A GANDY IS GIVEN 2 YEAR SENTENCE ON LIQUOR CHARGE

CONVICTIONS HAD IN ALL CASES  
DISPOSED OF UP TO THURS-  
DAY NOON.

Five prison sentences were imposed by juries in the District Court here up to noon Thursday in five cases tried before Judge John Watson and prosecuted by District Attorney Jack Lewis.

At ten o'clock Wednesday night the jury in the case of State of Texas vs. A. Gandy, charged by indictment with transporting intoxicating liquor, after deliberating fifteen minutes returned a verdict of guilty and assessed the punishment at two years in the state penitentiary.

Gandy was arrested by officers Jeff Neely and Frank Boggan at Milano several weeks ago and the case was investigated by grand jury and an indictment returned. Gandy was unmoved when the jury filed into the court room and the verdict was read by Chas. Pollard, court stenographer. Behind Gandy is seats for spectators sat his sons who had been in the court room all day to witness the trial of their father.

District Attorney Jack Lewis closed the argument for the state in a forceful plea for conviction and the jury of which John W. House was foreman deliberated only a few minutes. Gandy remained seated during the interval with frequent conversations with his attorney B. P. Matocha.

Following the reading of the verdict Gandy rose slowly to his feet to face his sons and Sheriff Leonard Blaylock and after a brief few minutes was escorted to the county jail. One son, a lad of ten years, blanched white and showed unmistakable signs of emotion as the verdict was read. The other sons, one of whom, Jim Gandy is under indictment in connection with liquor raids near Milano, were stern and unmoved by the verdict.

The case of Jim Gandy vs. State of Texas is set for trial Friday. The following convictions were had in the court this week:

State of Texas vs. L. D. Sloan, charged with burglary, given two year sentence.

State of Texas vs. L. D. Sloan, charged with felony theft, given two year sentence.

State of Texas vs. John Thompson, charged with burglary, given two years sentence.

State of Texas vs. Isaac Embrey, charged with murder, given ten year sentence.

Isaac Embrey was charged with murder and tried growing out of a fight which was staged at a negro entertainment several miles from Cameron on the night of July 22.

#### BAPTIST PASTOR TO PREACH HERE SUNDAY

Rev. R. C. White pastor of the Baptist church in Cameron in a telegram to the Herald from Dallas, announces that he will be in Cameron Sunday to resume his service as pastor.

He has been absent from the church for the past three weeks during which time he has been holding a meeting in Greensburg, North Carolina.

It is planned to have the membership turn out for the services Sunday to greet the pastor and to push forward with the work of the church.

It is announced that on next Wednesday night a meeting will be held to elect teachers and officers for the Sunday school.

## COTTON PALACE WILL OFFER "PASSING PARADES" AS COLISEUM FEATURE

Waco, Texas.—Cotton Palace officials have announced that the chief attraction in the big coliseum for this year's exposition will be "Passing Parades of 1922." In the selection of this attraction, which will be seen afternoon and night the first week of the Cotton Palace, the idea was kept constantly in mind to present to patrons of the exposition a show that will pack the big hall, seating 10,000 people, to its capacity.

A search was made for something different—the kind of show that has never before been presented in this part of the country.

This unusual show, which set all Chicago agog, and is now playing to overflow crowds in San Francisco, presents a cast of 80 people. Included as a part of the program are the famous "Peacock" and "Pearl" dances.

The wide variety of numbers on the program has provided the costumers and masters of color effects with the opportunity to blend into the revue a continuous parade of striking pageantry, which move the beautiful figurantes of the chorus.

Girls in costumes of reconstructed pearls, which vie with the skin in whiteness; colorful nautch dancers; "jazz" steppers who interpret the very latest in modern dancing; dainty ballet girls in their fanciful portrayal of "Milady's Bandbox"; Roman warrior girls in flowing plumes and shining armor all these carry on the bewildering evolutions of the revue. And then there are the girls who emulate peacocks, their brilliant costumes extending more than fifteen feet across the tails, and the Dutch tulip girls in their quaint conceptions.

Through this multi-colored series of features, are carried the singing and dance specialties of the principals. The program moves with rapidity and there are few idle movements permitted on the big stage.

Five matinees have been contracted the first week in order that out of town people may have the opportunity of witnessing this unusual attraction.

## FOUR BIG FREE ACTS AT THE 1922 COTTON PALACE

Waco, Texas.—Four big free acts each day during the Cotton Palace Exposition. That is what visitors to the show will see this year, beginning October 21 and concluding November 5. The Cotton Palace has this year contracted for these four big free acts, with the idea in view of keeping "something going" every minute the Cotton Palace gates are open, hence the arrangement for free attractions inside the grounds.

## FAMOUS KENNEDY SHOWS AT THE COTTON PALACE

Waco, Texas.—An entirely new line-up will be seen this year on the War Path, or amusement row, at the Texas Cotton Palace Exposition. The famous Con Kennedy shows, known throughout the north and east as among the best and most complete of any similar attractions, will furnish the fun "across the creek." It is the first time that the Kennedy shows have ever visited this section of the state, and the entire assemblage will be new and up-to-date, the same as will be shown earlier in the season at the largest amusement resorts of the country. The War Path grounds will be completely rearranged in order to take care of the huge Kennedy shows.

## "BEAUTY OF NATION" AT TEXAS COTTON PALACE

Waco, Texas.—The coronation exercises and queen's ball at the Cotton Palace Exposition this year promises to be more brilliant than ever before. The governors of more than a dozen different states have named princesses to the coronation ceremonies, with assurances from many more that they will take similar action in the near future.

The queen's ball, long known as the most brilliant social event in Texas, will attract the "beauty of the nation" to the Cotton Palace this year.

## COUNTY WILL AID AGRICULTURE ON FARMS BY AGENT

### APPROPRIATE \$300 TO SUPPLEMENT FUNDS OF EXTENSION SERVICE.

To promote better agriculture in the county the Commissioners court has appropriated \$300 to supplement the extension fund of the Agricultural and Mechanical College appropriated for that purpose.

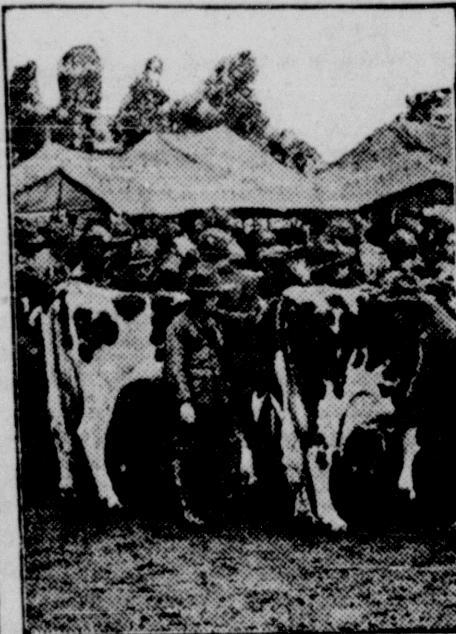

The resolution appropriating this money states that the funds are available beginning the first of September and will be available each year unless conditions warrant their discontinuance.

The appropriation of this money for agricultural work to be accomplished in conjunction with the A. & M. College is a laudable work by the commissioners court as the improvement of farm conditions constitutes one of the big problems of the times.

The commissioners court has passed an order calling for an election to be held in the New Salem School District on September 30 to increase the school tax from 50c to 75c. This is known as School District No. 26.

### SCOUTS LEARN MILK TESTING.

The Pioneer division of the Boy Scouts of America is organized for boys who live in remote rural districts or in small communities where scouting is not yet established. A great number of farm boys are availing themselves of the opportunity offered

Pioneer Scouts Learn Milk Testing.

to practice scouting. The accompanying cut shows a group of pioneer scouts who have learned the proper testing of milk, showing their skill at a state fair.

## YOU CAN'T TRUST CALOMEL AT ALL.

It's Quicksilver, Salivates, causes Rheumatism and Bone Decay.

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tonic which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

(Adv)

## ARE YOU HEALTHY?

Has anyone ever told you that, in one respect, you are in perfect health—Well—you are.

When you were born Nature deposited to your credit in the bank of life a great big ample capital of—nerve force.

You have all the nerve force you ever had—one hundred per cent. Sufficient to restore and keep you in perfect health.

But are you getting the full benefit of your nerve force? Is it being distributed to all parts and organs of your body? One thing is certain, if there is an obstruction to the nerve leading to any part or organ, there you will find disease. Health is the natural expression of normal nerve control. Therefore, disease is the opposite—the lack of normal nerve control.

Chiropractic is the art and science of locating nerve pressure, which is the primary cause of disease, and removing same. It is scientific because it is proving, every day, that when the adjustment is made, relieving the nerve pressure, Health returns.

J. P. Werner & Company

Cameron, Texas.

At this time of the year, the price of eggs is gradually but surely crawling skywards. Already consumers are beginning to get anxious with respect to their egg supply. It will only be a few weeks before it will be a question of getting fresh eggs at any price. Neither love nor money will then purchase fresh eggs. Fresh eggs are slated to be extremely scarce this coming fall and winter. One reason for this is the drouth, which has affected the available green food supply, and hence reduced the egg production. We would like to suggest that those fortunate enough to have a flock of hens, begin now to see after their comforts and wants in preparation for the fall and winter egg-production.

A few people are still so easily misinformed that they think anything that has feathers and looks like a chicken can lay eggs. They think a chicken is a chicken; and that there is no difference. It is to be regretted that not more people look at poultry keeping in a business-like way. Many people can not understand why one hen should not lay any eggs at all, why others should lay only 15 eggs in a year, why some can lay as many as 200 and 300 perfect eggs in one year.

Thinking people must realize that there is a great difference in chickens, that they cannot all be alike, and hence the first thing to do to get profitable egg production is to cull out those that do not lay any eggs, as well as those that lay only a few. Eliminate the old-timers, family souvenirs and relics. After a hen has passed the two-year period she has passed usefulness as a layer. Get rid of her. In addition to this, eliminate the weaklings, that are only consumers but not producers. Too many people try to get eggs out of hens that can not possibly lay eggs.

Why is it that some hens can lay 300 eggs and others of the same variety eating out of the same feed pail and in the same house cannot produce more than 50 or 60? Why is it that one horse can run faster than another? The same answer will do for both; it is the difference of the breeding. You can breed eggs into a chicken just like you can breed speed into a horse. You can not feed speed into a horse any more than you can feed eggs into a chicken. The truthfulness of this can not be disputed yet the world is full of people that this very day are trying to feed eggs into chickens. Remember you can feed egg out of a chicken but it is necessary to breed it into them. We have seen hens that you could feed a ration or hard boiled eggs and they would not produce any eggs. Surely they got a balanced ration. We need the breeding first and then the proper feeding will surely bring the eggs in profitable numbers. There is no secret to make hens lay, it is all common sense and breeding and feeding. Don't invest your money in poultry secrets or worthless systems, so-called. Invest it in good chickens,

feed and common sense, and you will realize much more satisfactory results.

Not all cackling hens are laying hens, in our experience we have found some of them to be lying hens. It behooves us to study our flock, closely, because it will take considerable coaxing the next few months to get a good egg-production.

September and October are none too early to move the layers, hens and pullets into winter quarters. In moving them, handle them carefully, because frightening and rough handling will injure many of them at this time.

In this article we will go on the assumption, that we are dealing with a flock of chickens that has been culled, selected and bred for egg-production. That proper feeding will bring the eggs.

To begin with we want to call attention to the importance of providing green food in abundance. If it is too dry to grow it any other way, then sprout oats for them.

Without green food at this time of the year you can not expect to keep the hens healthy and laying. It is surprising how important green food is for laying hens. It is also surprising at the large amount they will consume. Be sure and make plans to provide green food for your laying hens. It takes green food to make eggs.

One other important feed for laying hens in any form. Milk, we have found truly wonderful for laying hens and nothing will take its place entirely. We can not get quite as many without milk for our laying hens, as with milk. Any form of milks will do, namely, skim, sour, sweet, buttermilk, dried buttermilk, or semi-solid buttermilk. Some of these are commercial products and can be secured by any one.

In feeding hens for eggs-production we know that we must depend on our dry mash mixture for the best results. Successful poultry men feed a dry mash mixture in special constructed hoppers, and feed the so-called scratch grain mixture in the litter. It is important to study the amount they consume of each of these, namely the dry mash and grains. For best results they should at least consume as many pounds of dry mash as grains. It is the dry mash that makes eggs, and the more you can get them to eat without upsetting the digestive system the better the egg production will be. It should be needless to say at this time, that it is important that the dry mash mixture be properly balanced. In making the dry mash mixture we try to balance the same so it will produce eggs most economically. In Fort Worth, we have two great feed mixing institutions, that are preparing a high-class so-called laying mash. For people that are not prepared to mix their own feed we would suggest that they buy the properly balanced and mixed feeds put out by these concerns.

Back yard poultry keepers can not

afford to mix their own feeds. They will find it more satisfactory to buy the ready mixed feeds. Be sure you buy a well balanced feed, put up by responsible concerns. Grain elevators sweepings and cleanings only too often are used in preparing ready mixed feeds. Buy from firms that make a business of mixing feeds. We have found the laying mashes put out by these firms very good. They are better mixed than mixed feeds prepared at home, because they are mixed by machinery, and are always uniform.

In feeding laying hens it is well to look at it from this standpoint: The egg is composed of three important parts, namely, the shell, made out of mineral matter such as found in considerable quantities in Oyster shell and lime. A small amount is of course also found in other feeds. We expect to supply oyster shell to make the egg shell.

The yolk or yellow of the egg is largely fat. It is made out of such feeds as corn, milo, kaffir and similar grains. The average hen has no trouble locating the feed with which to make the yolk. Of course water is an important part of all of these parts of the egg. An egg is more than two-thirds water, hence the importance of providing plenty of fresh drinking water at all times. This is one place we can sell water to advantage and legitimately.

When the hen looks around her for the material with which to make the white or the protein of the egg, is when the trouble begins. It is then she has to search and hunt from early in the morning until late at night to find the necessary raw material. It takes feeds that are rich in protein and preferably vegetable protein to make the white of the egg. Feeds that are rich in animal protein and vegetable protein are used to make hens lay. The more of these feeds that are fed the more eggs the hens will lay, unless they should develop digestive troubles. Feeds like beef scrap, meat scraps, milk in any form, cooked or raw animal life, like rabbits, bugs, insects and worms are essential feeds to make hens lay. It is these feeds and other vegetable feeds rich in protein that are the important parts of every dry mash mixture.

Lately it has developed that the large breeds like Rocks and Wyandottes will do better on a mixture containing not quite as much protein in the form of meat scraps, but considerable ground oats and wheat bran. Too much corn meal is also unsatisfactory for the heavy breeds. The

United States Department of Agriculture recommends the following mixture for the medium and large breeds: Three parts of corn meal, one part of bran, one and one-half part of meat scraps, one part of wheat middlings or shorts, two parts of ground oats, and 5 per cent of cotton seed meal.

For the small breeds like the Leghorns, it was found that the dry mash and meat scraps. The following ration is recommended by the same authority: Four parts wheat bran, 5 parts wheat middlings, 66 parts corn meal and 26 parts of meat scraps.

In our experience we have found that animal protein is necessary to make hens lay. A certain amount of it should be allowed to every dry mash mixture. The United States Department of Agriculture reports that for good results the vegetable proteins should not exceed 10 per cent of the total mash. This shows that every good laying mash must have some animal protein, for economical production. The Leghorns and similar varieties should have at least 16 per cent of some animal food, and the Rocks and other similar breeds should have at least 8 per cent of some animal food in the dry mash mixture.

Fish scraps, tankage and meat scraps, as well as dried milk by-products all may be used to provide the necessary animal protein. Of course if you are fortunate enough to be able to feed real fresh skimmed milk in some form so much the better. In many sections of West Texas rabbits and jack rabbits are being killed and fed to the layers to great advantage. In the summer such food is better fed cooked. In cold weather it may

safely be fed raw. Never under any circumstances feed any spoiled animal flesh because it is sure to kill many chickens.

In addition to the feed mentioned, keep grit before the fowls all the time. It is necessary to help digest the food. Common coarse sand or fine gravel will answer the purpose.

Keep the fowls free from vermin and disease. Open up the houses on all four sides to be sure they plenty of fresh air. Make your chickens work all day. Get them off the roosts early and keep them busy all day.

### You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

### \$25.00 Reward Offer Withdrawn By Klans

On account of the fact that Klansmen might be disqualified for jury service in Milam county, being interested parties to the transaction, the Klans of Milam county have decided to withdraw their offer made some weeks ago of a reward of \$25 to any officer in the county for the arrest and conviction of bootleggers. We regret very much to have to do this, but we feel that we should not shirk jury service when called on for that duty and on that account alone we are compelled to take this action.

## FINDING A WAY OUT.

It is always much easier to say of anything "this is wrong" than to say of the same thing "this is the way it should be done."

Destructive criticism is easy. Constructive criticism is difficult. It is simple enough to ask "what is the matter with the church?" or "what is the trouble with religion," and as simple to answer, "it is old fashioned" or "it isn't modern enough" or "it lacks courage" or some other complaint which makes no suggestion.

Of course, there is nothing the "matter" with religion. The belief in a Supreme Deity, and worship of that Deity is an ingrained human fundamental. The "matter" is not with the religion, but with the means taken to spread, to teach, to use that religion.

And the "matter," to many people who try to think constructively is that those in authority in the churches place too much emphasis upon the mechanics of religion and not enough on the spiritual things of that religion. Church fathers, elders, deacons, and dignitaries meet and spend precious time discussing what words to leave in and what to take from, the ritual; they waste time and effort trying to decide whether this ban shall be removed and that one put on, while people hunger to be taught of God.

Let the churches forget internal fights over noessentials, and devise new and better ways of teaching men and women the spirit of true religion, and it will be the Sunday moving-picture house manager who wails that the church takes all his audience, not the clergyman who sorrows that his flock would rather see a picture than listen to him.

## THE STRIKE BOGEY.

"A General Strike"

Do you remember, grown-up-man-

who-reads-this, when you climbed up the long, long stairs to the dark and mysterious attic? And the other, older children, told you to watch out for the "bogy man?" And you jumped and shivered and shook with terrified delight?

There wasn't any "bogy man" really. It was just a dear figment of childish imagination.

Nor is there any real grown up "bogy man," not even when he masquerades by the name of "General Strike." There are those hot-headed and under-educated members of society who would like to frighten the rest of us with his name. But they forget, these agitations, that this is America, where all have come, and many have much, opportunity to learn: where standards of living are high; where men are safe and secure in their homes; where each man's house is his castle, and each man's wife and children his to protect and love and keep and never a man or a Government to say him nay.

The American—the true, red blooded, patriotic, flag-loving, land-loving, home-loving American—can no more be led into making himself a part of a Bolshevik bogey man than he can be led into mass murder for the establishment of a soviet, a la Russia.

The indignation, the revolt, the emphatic negatives to talk of a general strike, came first of all from American workmen, who are American first and members of a union, sect, order, or organization only after they have expressed their Americanism and their belief in, and adherence to, American principles and the American Government.

Our childish tormentors could never produce their "bogy man." As long as Americans are Americans first, no agitator can produce the General Strike bogey man!

## Camp Travis.

Peddy returned to the University to complete his course and received his law degree. He took an active part in the gubernatorial campaign that year and campaigned for Robert E. Thomason of El Paso. Peddy moved to Houston in 1920 to practice law and has resided there since that time. He married Miss Gertude Erwin, a Tennessee girl, in February, 1921, while she was a senior at the University of Texas.

Peddy is a prohibitionist and a woman suffrage advocate. The first speech he made in the Legislature was in favor of woman suffrage. He was a floor leader for the woman suffrage resolution in the Legislature.

As a leader of the University of Texas student body in the fight against Governor James E. Ferguson preceding his impeachment, Peddy became a State wide figure in 1917. He returned to Austin on a leave of absence from training camp and, wearing his uniform, led a parade to the capitol as a demonstration against Ferguson.

After the first primary last July, Peddy came out for Ferguson against Mayfield and made a number of speeches for him and was active in other ways in Ferguson's behalf in South Texas. On account of his support of Ferguson, Peddy was asked to resign as president of a Sunday school class of the First Methodist church of Houston by the superintendent.

FORMER CAMERON BOY  
USES AEROPLANE FOR  
BUSINESS TRIP.

Roy Epperson, agency director for the United Fidelity Life Insurance Company, of Dallas, made the trip from Dallas to Plainview in a D. H. Curtiss plane Tuesday, taking the vice president of the company, D. E. E. Wagner, with him to Plainview.

The trip was made in the interest of business for the company. The trip was made in about three hours.

Mr. Epperson served as an aviator during the late war with the rank of lieutenant and was stationed at San Diego, California, as an instructor. His experience as an aviator now serves him well on occasions like the above when dispatch is wanted in the line of business duty.

ANTI-K DEMOCRATS  
NAME GEO. PEDDY TO  
OPPOSE MAYFIELDMETHODIST SUNDAY SCHOOL  
TEACHER TAGGED FOR U. S.  
SENATE.

George E. B. Peddy, 30-year-old Assistant District Attorney of Harris county, with a fighting record in politics, late Saturday afternoon was chosen by independent Democrats of Texas to oppose Earle B. Mayfield for election of the United States Senate from Texas.

George E. B. Peddy was born on a farm five miles from Tenaha, Shelby county, August 22, 1892. His father, a farmer, died two months before he was born. His mother still lives in the farmhouse in which young Peddy was born.

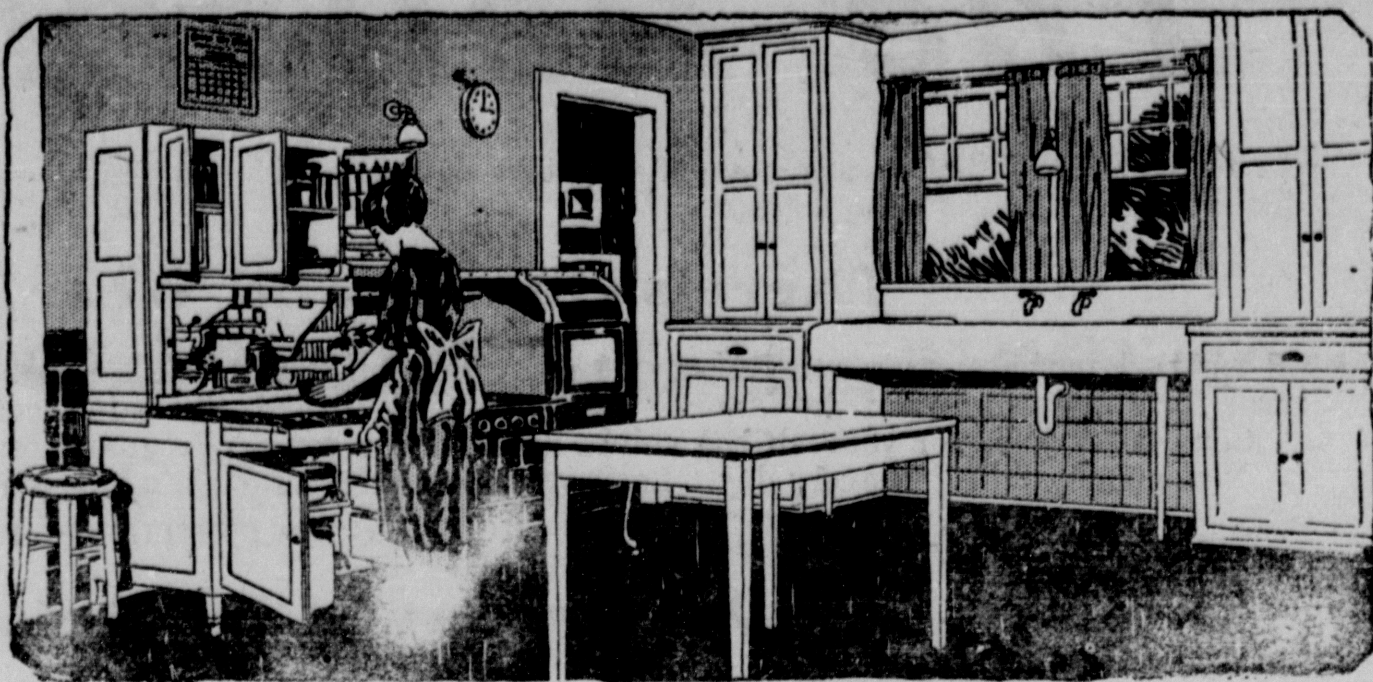

Peddy is the youngest of seven boys. He attended country school in his district and high school at Tenaha until he was 16 years old, working his way through high school.

He entered the University of Texas in 1913, working his way the first year. To finish his college course he borrowed money, all of which he has repaid.

Peddy was active in student affairs and in 1917 was elected president of the Students' Association, the highest student office at the University.

In 1916, while a student at the University, he was elected to the Thirty-Fifth Legislature from his district, including Shelby county.

When war was declared, Peddy enrolled for the first officers' training camp at Leon Springs, leaving school to enter the camp. He was commissioned a captain at the end of the camp, and resigned from the Legislature when he received his commission. He helped train men for overseas at Camp Travis, and in June, 1918, sailed for France as a casual officer. He later joined the 90th Division and was six months in Germany in the Army of Occupation with this division. He returned with the 90th Division in July, 1919, and was mustered out at

Win Freedom From Drudgery With The  
**HOOSIER**

You may not realize it—but the average woman walks over two miles a day in the trying atmosphere of a stuffy kitchen. Surely this is one reason why so many women complain about the hardships of keeping house.

And it is one reason why you will see such a big difference in the way you feel, once you put the step-saving HOOSIER in your home.

The HOOSIER concentrates your work in a compact spot, equipped with the most modern labor-saving conveniences.

It enables you to work seated—at your ease. It saves miles of steps and hours of time each day. Before you know it, your kitchen work is done and you are ready for the pleasures which are now denied you.

Even backaches are banished from the HOOSIER kitchen, because HOOSIER is the one cabinet which adjusts your work-table to suit your height.

How Two Million Women Proved That the Hoosier  
is Their Best Kitchen Convenience

Two million women now use and endorse the HOOSIER.

Most of these women bought their cabinets on easy terms under the factory guarantee, "Money back if not delighted."

HOOSIER'S files are literally full of letters from happy HOOSIER owners saying that HOOSIER advertisements have never begun to state all the help and happiness that is to be had from the HOOSIER.

The HOOSIER stays sold because it is without question the most helpful convenience a woman can put in her home.

Modern Kitchen Need

# THREE ARE HELD WITHOUT BAIL IN SEALY SHOOTING

## DETAILS OF FIGHT IN WHICH 5 MEN DIE ARE RELATED AT TRIAL.

Bail was refused Foster Bell, Burch Bradshaw and John Miller late Friday by Justice of the Peace E. A. Wammell following the completion of their examining trial at Bellville. They are charged with murder growing out of the street battle at Sealy a week ago last Tuesday night, in which four prominent Austin county citizens met their deaths.

William Andress, held on a murder charge growing out of the same street battle, was allowed bond in the sum of \$500. He furnished the necessary sureties and was released from custody.

A remark made by Judge John M. Mathis, chief counsel for the defendants, as the conclusion of the hearing, "that a district judge might think differently about whether the defendants are entitled to bail," was taken to mean that the attorneys for the defendants intend to rest to a habeas corpus in order to obtain the release of their clients. Later Judge Mathis announced that a writ of habeas corpus will be applied for as soon as an agreement can be obtained out of the state's attorneys as to which district judge it shall be presented.

The next grand jury will not be convened in Austin county until Jan. and unless the three defendants obtain their release through habeas corpus proceedings they must remain in jail to await the action of the grand jury.

As soon as he had completed the hearing for the four men, Judge Wammell announced that he will take up the cases of Lawrence Kurtz and Hawley Viereck, both of whom are charged with murder growing out of the street battle, at 10 Saturday morning.

Only two witnesses were placed on the stand by the defense in the hearing Friday afternoon. One, Frank Meyer, who resides near Sealy, testified that he saw Hawley Viereck stand on the side of his car and fire into the scuffling crowd. He said that shot was the first fired and that the second came from in the street. The third shot, he testified, was fired by Fritz Schaffner, and then the shooting became general.

While the hearing was in progress large crowds gathered in the court

house yard. They were from all parts of Austin County. A ruling by Justice Wammell, excluding all disinterested spectators, kept them from hearing the testimony. A protest by Judge Mathis did not change the ruling of the presiding judge.

The state's first witness was Leon Hockbarth. He said he was present at Cat Springs on June 11 at a political barbecue when a difficulty occurred between Thompson Bell and Robert Schaffner. The difficulty, the witness said, grew out of one of the candidates making part of his speech in German. He said he knew of no other difficulty between the Bells and Schaffners.

H. W. Sunderman of San Felipe testified he saw a difficulty on the streets of Sealy at 9 o'clock on the morning of September 5 between Thompson Bell and Robert Schaffner. He said he saw Bell slap Schaffner and then draw a knife, which he later returned to his pocket.

Ed. Coy of Bellville testified he saw Luther Bell and four or five others in an automobile going in the direction of Sealy from Bellville on the night of the street battle, September 5.

Louis Roseler of Sealy, who said he was seated in an automobile near where the battle took place about 8 that night, testified that he saw Foster Bell and Luther Bell and John Miller in a group of men walking across the street. He said the group of men approached Fritz Schaffner and that a fight took place. Roseler said he turned and started away from the scene of the trouble and that when he had gotten about 30 yards he heard the first shot, and that when he was nearly a block away he heard several more shots.

Ernest Orsak testified that he heard some one say, "There he is," and immediately thereafter he saw eight or more men start toward Fritz Schaffner. He said they knocked him down and he then heard one shot. The

witness said he left the scene immediately and as he was going away he heard more shots.

Miss Mary Kanak, telephone operator at Sealy, testified that she handled a long-distance call from Thompson Bell at Sealy to Luther Bell at Bellville early on the night of the street battle.

William Viereck, brother of Hawley Viereck, one of the men under arrest on a charge of murder, said he saw his brother go into the confectionery store and that his brother positively did not fire the first shot in the battle. Arthur Viest of Sealy testified that he saw the first shot and that it came from the middle of the scuffle.

Ralph Sloan of Sealy, who was sitting in an automobile, testified he heard the first shot fired and left immediately thereafter. He said that Lawrence Kurtz, also held on a charge of murder, was with him in the auto, but got out a minute before the firing of the first shot. He also said that Hawley Viereck got out of the Viereck car and ran into a confectionery. He testified that the first shot came from the crowd.

Emil Schiller of Sealy was on the sidewalk talking to Fritz Schaffner, he said, when six or seven men jumped on Schaffner. The witness said he walked into the drug store and that Lawrence Kurtz went in with him. He said the first shot came from the crowd.

Tom Menke of Sealy testified that he ran into the confectionery store when he saw a group of men fighting in the street. He said he saw one of them pull a gun, but didn't recognize any of the group.

Joe Chiller of Sealy said he was in the store all the time until the fight was over and when they brought Ernest Schaffner into the store wounded he put his hand in the wound and stopped him from bleeding to death. Mrs. Fritz Hoffman of Bellville said

she was standing near the home of Foster Bell after the shooting in Sealy and that when Foster Bell came in he was crying and said to his mother, "Mamma, I have got my man."

The statement of Ernest Schaffner, who was unable to appear as a witness on account of his wound, was read. He said in the statement that when he saw Luther Bell fighting his father he went to his father's aid and that he was then stabbed. He said Luther Bell drew a pistol and fired at him, but the bullet missed its mark. The boy then said that he turned and ran away from the scene.

E. E. Kastrop, justice of the peace at Sealy, put on the stand by the prosecution, described the wounds of the four dead men.

Appearing as counsel for the defendants were Judge John M. Mathis of Houston, County Judge W. I. Hill of Austin county and C. R. Johnson.

The state was represented by former State Senator T. H. McGregor and Douglas Duncan of Bellville. County Attorney W. T. Glenn, who is 80 years of age, was unable to attend the hearing.

Ernest Schaffner, 17-year-old boy, who was wounded in the battle, was not sufficiently recovered to appear in court as a witness.

### INVISIBLE EMPIRE OF WOMEN FORMED.

## HEALING CREAM STOPS CATARRH

Clogged Air Passages Open at  
Once—Nostrils Cleared

If your nostrils are clogged and your head stuffed because of catarrh or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic, germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief. How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffling. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure.

men of the Invisible Empire of America" is the name of a corporation which secured a charter Thursday morning from the Secretary of State. Headquarters of the organization are at Dallas, though incorporators live in Dallas, Milam, Comanche, Orange and Fannin counties. Purposes of the corporation, as stated in the charter, are:

"To educate women in the science of government and history of the United States and contribute from

fund gathered by such organization to orphanages and religious and similar deserving institutions."

Incorporators given are: Mrs. William M. Powell, Dallas; Mrs. Nora E. Baker, Mrs. C. E. Preston, Gauss; Mrs. Hattie M. Beard, Dallas; Mrs. S. C. Finley, Comanche; Mrs. Kate I. Baker, Orange and Mrs. Will Tidwell, Ector.

Advertising is not an expense, it's an investment.

### Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

## Hot Water Each Morning Puts Roses in Your Cheeks

● To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

● If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire

alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks. A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do. Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

### +++++ + POLITICAL ANNOUNCEMENTS + +++++

The Herald is authorized to announce the following candidates for the offices named as nominees of the Democratic Party subject to the general election November 2, 1922.

## MILAM COUNTY TO HAVE RAPID OIL DEVELOPMENT

SHARP DEEP TEST ATTRACTS  
WIDE ATTENTION OVER  
STATE.

The Milam county fields are teeming with activity this week, oil operators are coming in daily, and numerous scouts and geologists are working in the field. Many of the old time pioneer oil men are coming back to look over the prospects, being lured here by the development that is going on in the territory.

The feature of the past week in the wildcat area, is the erecting of an 84 foot standard derrick in the vicinity of Sharp, north of Alligator creek, 15 miles southwest of Cameron, for the drilling of a deep test well to the Edwards lime stone. A large oil well supply cable tool rig is being hauled to location, buildings are being erected for the drilling crews and everything is being placed in readiness for the spudding in of this well. The operations are under the management of A. L. Ballard. The location of the well is on the left of the Sharp-Tracy road, about one and one-half miles south of the 1400 foot test drilled last year, near Sharp.

The S. A. Guiberson, Jr., number one Posey, six miles southeast of this city are pulling casing out of the hole preparing to drill to the Edwards limestone. It is reported that the drillers are having trouble in pulling the casing which is froze in the well. The well is attracting a world of attention, and leases are in demand in Dallas and Fort Worth around the location.

The Owens Petroleum Company, number 8 Henry was spudded in, and the drillers are ready to set surface casing. Number 9-10-11 and 12 are locations and will be drilled as soon as possible. Another test that is attracting the oil clan is the semi-deep well being drilled by the Lee Oil Co., on the Niehous tract in the shallow field. The location for this well was made near the 11, Niehous, which came in for better than 50 barrels last week. A sand at 1600 to 1800 feet is looked for which will yield large production. The Bynum Association number three well is a gasser. The well was an offset to the Lee Oil Co., number 11 Niehous, and was drilled to around the 850 foot level. The Tidal Oil Company's number 7 Roundtree is a 15 barrel well at 700 feet.

The Texas Petroleum Development Company, number 4 well is drilling around 400 feet on the Holtzclaw tract. Caudle and Gordon on the Florence Gilliland are drilling on number two.

The pipe line runs for the shallow field are 400 barrels daily. The Lee Oil Company being the largest producer of crude in the field averaging around 135 daily from 11 wells. The Owens Refinery at Minerva is running all the crude, the products finding a ready market locally.

Many wells will be started before the winter sets in and thousands of acres are being blocked up for the drilling of deep tests.

AN ORDINANCE for the protection of the public health; regulating the inspection of cattle, sheep, goats, and hogs intended for slaughter and for sale within the City of Cameron, Texas; providing for an inspector of animals; prescribing the duties of inspector of animals; providing for form of certificate of slaughter; fixing fees of inspector of animals; prescribing the duties of persons offering for sale, possessing for purpose of sale or for purpose of offering for sale, or selling any carcass, body or portion of carcass or body of animals; providing penalties; and declaring an emergency.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS—

Section 1. There is hereby provided for an inspector of animals intended for slaughter for the purpose of sale or offering for sale in the City of Cameron, Texas. Said inspector shall be known as the Animal Inspector of the City of Cameron. The Marshal of the City of Cameron shall be ex-Officio Animal Inspector of the City of Cameron.

Sec. 2. It shall be the duty of the Animal Inspector of the City of Cameron to inspect all cattle, sheep, goats and hogs intended for slaughter for sale or for possessing for purpose of sale or offering for sale within the City of Cameron, upon the verbal or written request of any person; and said Animal Inspector of the City of Cameron shall make said inspection within two day-light hours after

the said request is made of him. Said Animal Inspector shall not be required to go further than one-half mile outside of the city of Cameron to make any inspection.

Sec. 3. It shall be the duty of the Animal Inspector of the City of Cameron to issue a certificate, to be known as a "certificate of slaughter" to the person requesting inspection of any head of cattle, sheep, goat, or hog, for each animal found by said Inspector to be wholesome and fit for human consumption.

Sec. 4. It shall be the duty of the Animal Inspector of the City of Cameron to refuse to issue a certificate of slaughter to any person covering any head of cattle, sheep, goat or hog that is unwholesome or unfit for human consumption.

Sec. 5. It shall be the duty of the Animal Inspector of the City of Cameron to issue, at the request of any person desiring to sell any carcass of any inspected animal to more than one person for resale, as many duplicates of a certificate of slaughter as may be requested, said additional certificates to be marked duplicate and designated as "a," "b," "c" and so on, according to the number issued, in addition to the number of the certificate.

Sec. 6. The following animals are hereby, for the purposes of this ordinance, declared to be unwholesome and unfit for human consumption, to-wit: any diseased animal of any kind; any seriously wounded, bruised or injured animal; any sick, feverish, or unhealthy animal; any weak emaciated, or badly drawn animal; any animal poor and weak from old age; any animal with sores, ulcers, or any other eruption; any boar of any greater age than 3 months; any bull of a greater age than 6 years; any ram or any billy-goat of a greater age than 6 months; any cow or heifer in a condition of pregnancy further advanced than 6 months; any ewe, sheep or nanny-goat in a condition of pregnancy further advanced than 8 weeks; any female animal within suckling period; provided that the enumeration of the classes of animals from the definition any animal which herein shall not operate to exclude may be unwholesome or unfit for human consumption by reason of some condition not enumerated.

Sec. 7. For each head of cattle inspected by him, the Animal Inspector of the City of Cameron shall be paid by the person requesting inspection the sum of fifty cents, and for each sheep, goat or hog inspected by him the sum of twenty-five cents, the said fees to be paid before the inspection of said animals; and the said fees to include issuance of certificate of slaughter in case condition of animal

permits issuance; and for the issuance of each duplicate certificate of slaughter the said Animal Inspector of the City of Cameron shall be paid in advance by the person requesting same the sum of ten cents.

Sec. 8. The following shall be the form of the certificate of slaughter which shall be issued by the Animal Inspector of the City of Cameron covering each animal found to be wholesome and fit for human consumption, to-wit:

CERTIFICATE OF SLAUGHTER.

No. .... I hereby officially certify that I

CITY OF CAMERON, TEXAS. have this day inspected at the request of ..... Slaughterer ..... Owner ..... One .....; about ..... old; about ..... pounds in weight; color .....; marked .....; brand ..... and have found said animal ..... fit for slaughter within the next ..... hours. This the ..... day of ..... A. D. 1922, at ..... o'clock ..... m.

Animal Inspector, City of Cameron, Texas.

Sec. 9. It shall be the duty of the Animal Inspector of the City of Cameron to keep a carbon copy of each certificate of slaughter issued by him, and of each duplicate of certificate of slaughter; and any Animal Inspector to keep such copy shall be guilty of a misdemeanor of the City of Cameron failing misdemeanor and shall upon conviction be fined not more than one hundred nor less than one dollar.

Sec. 10. It shall be the duty of every person offering for sale, selling, or possessing for the purpose of sale or offering for sale, any carcass or body, or portion thereof, of any cattle, sheep, goats or hogs, to keep subject to public inspection at the place of sale of offering for sale the certificate, or certificates, of slaughter, covering said slaughtered animal, or animals; and any such person refusing to permit such inspection of such certificates or such carcasses, carcasses, or portions thereof, at any reasonable hour, shall be guilty of a misdemeanor, and shall, upon conviction, be fined in any sum not less than one dollar, and not more than one hundred dollars.

Sec. 10A. Any person who shall, either directly or indirectly, sell, offer for sale, or possess for the purpose of sale or offering for sale any carcass or body, or any portion of any sheep, goat or hog, without first having in his possession a certificate of slaughter duly issued and signed by the Animal Inspector of the City of Cameron, covering the animal which, or a portion of which, is sold, offered for sale, or possessed for the purpose of sale or offering for sale, shall be guilty of a misdemeanor, and upon

conviction thereof shall be fined in sum not less than one dollar and not more than one hundred dollars.

Sec. 11. Nothing in this ordinance shall be construed to require the inspection hereunder of any animal raised, slaughtered and sold by the owner thereof incidentally, the said seller not then and there engaging in the butcher or meat-selling business as an occupation.

Sec. 12. The fact that animal flesh that is unwholesome and unfit for human consumption has been sold in the City of Cameron, and that the protection of the health of the public of said City demands prompt action, creates an emergency, and requires that the rule providing for the reading of this ordinance at three meetings of the City Council be suspended, and this Ordinance put upon its final passage, and this ordinance will take effect from and after its passage, and it is so ordained.

J. B. WHITE, Mayor of the City of Cameron. THE STATE OF TEXAS

County of Milam. I, R. D. Brown, Secretary of the City of Cameron do hereby certify that the above and foregoing is a true and correct copy of the above styled ordinance and the proceedings relating to its adoption and approval as the same appear of record in the Minutes and Book of Ordinances of the City of Cameron.

Given under my hand and seal of office this 5th day of September, A. D. 1922.

R. D. BROWN, Secretary of City of Cameron.

# DEMOCRATS WHO VOTED IN PRIMARIES CAN'T RUN AS INDEPENDENT FOR SENATE

Dallas, Sept. 14.—There was consternation in the ranks of the anti-Klan Democrats here today over the ruling of the Attorney General to the effect that no man who participated in the first or second Democratic primary could become a candidate in the general election on an independent ticket.

The ruling practically eliminates all available material for a man to make the race for United States Senator against Earle B. Mayfield.

A canvass of the situation here showed Seay, Crane and Miller all participated in one of the primaries. They had been mentioned as probable candidates. It was understood here that Gregory, Burleson, Cone Johnson, Joe Eagle and all other probable candidates, with the exception of Linsley, took part in the primaries.

So far as the Independent Democrats are concerned, Linsley is the only available man for the place, and it was said he probably would be nominated.

There was rejoicing in the Republican ranks over the opinion. R. B. Creager, State chairman, said the dissatisfied Democrats should let their "conscience be their guides." He declared the pledge is morally binding, so far as Democratic nominees, regular and independent are concerned, but that nothing could prevent the dissatisfied Democrats from aligning with the Republican party and electing a man for the Senate.

He predicted that thousands of them would do it.

Austin, Sept. 14.—A person who voted and participated in either the Democratic primary election July 22 or the runoff primary Aug. 26 is ineligible to have his name placed on the State ticket of another party as an independent candidate for United States Senator or any other such office, held Attorney General Keeling late Wednesday in a telegram to a North Texas politician who is interested in placing an independent candidate in the field for United States Senator in opposition to Earle B. Mayfield, Democratic nominee. Attorney General Keeling cites the Terrel election law to sustain his ruling.

The request for a ruling from the North Texas politician read as follows: "Is a person eligible as a candidate for United States Senator in the general election either as an independent or as the nominee of another party, if such person participated merely as a voter in either or both preceding Democratic primaries?"

Attorney General Keeling answered by wire as follows: "Independent candidate for United States Senator who voted in either of preceding primaries could not have his name printed on official ballot at general election in column for independent candidates even though he has complied with Article 3164 and 5. See case Westernman vs. Mims, 227 S. W. page 178."

If this ruling stands and is followed, the only way an independent candidate could get his name on the official ballot would be by petition to the Secretary of State with 48,000 names attached to the petition or 10 per cent of the total vote of the last State election, and this must be done within the next 11 days.

# EARLE B. MAYFIELD TO FIGHT FUSION.

Austin, Sept. 14.—Earle B. Mayfield, democratic nominee for United States Senator from Texas, declared that he will "contest on every inch of ground, the attacks of those who would destroy the integrity of the democratic party," in a statement issued today on the proposed fusion of anti-Ku Klux Klan democrats and republicans to nominate a candidate to oppose Mayfield.

"There can be no fusion, because democrats do not fuse with the republican party or with any other political party that would destroy democratic principles," the statement said. "Those who participate in a democratic primary and pledge themselves to support the democratic nominee and fuse with republicans, are not democrats."

Mayfield referred to a meeting of prominent Texas democrats, and republicans at a Dallas hotel on August 30, at which he said an opponent to him in the senatorial race was agreed upon. He said this man probably will be nominated at the meeting of anti-klan forces in Dallas Saturday, but did not name him.

# THE BIG KEY TO SUCCESS.

There is no class of employees that find a more regular and constant demand for their services than Telegraphers. The capable Operator can always command a good salary, and the opportunities for promotion are

unlimited, as witnessed by the number of operators who have risen to the position of railroad heads.

The largest of telegraph and Radio school in America, equipped with over a hundred sets of instruments, a train wire of a main line railroad, all telegraph and freight blanks and books of record tickets and in fact everything, just as complete as found in the best equipped railroad offices or Western Union, the best practical teachers to be obtained, thoroughly experienced in commercial and railway telegraphy, station and freight work—the Tyler Commercial College of Tyler, Texas is unable to supply the demands of the railroads, Western Union and Postal Telegraph companies for operators.

Read the following letter from the Supt. of Telegraphy of one of the large Railroad systems:

Tyler Commercial College, Gentlemen: If you will send us the high class students you have been sending, we can use all that you can send. Could use a large number at the present time if you have them. In this connection will say what students you have sent us have been very satisfactory and have developed into some of the best telegraphers and agents that we have. Trust that you will be able to send us more of your graduates at once and keep them coming as fast as they are capable. I had the pleasure to visit your great school and made a personal investigation of the methods used by you in preparing student telegraphers, and

I find they meet with all the requirements of my road, and I wish further to say you have the largest and most complete and thorough business college that I have ever seen.

R. F. Frenzer, Superintendent

Telegraph Union Pac. R'y.

Our telegraph students are on all the leading Southwestern roads and in Western Union and Postal Telegraph offices. With our help you can be a bigger success. Write for free catalogue. We place graduates promptly free of charge. Tyler Commercial College, Tyler, Texas.

# Watch the little folks speed home for Kellogg's Corn Flakes

"Mudder, I always wins the race when I carry home Kellogg's Corn Flakes. I can't hardly wait till I have some quick, mudder!"

It's great to see child-enthusiasm for Kellogg's; great to see every one in the family enjoy their crisp crunchiness and wonderful flavor! To sit down before a heaping bowlful of these joyous oven-browned "sweet-hearts-of-the-corn" and some milk or cream—and fresh fruit, if it's handy—is just about the very last word in appetizing appeal! And, your good taste will prove that!

Kellogg's Corn Flakes ought to be superior—they are the original Corn Flakes! Kellogg's are never tough or leathery; never hard to eat; never a disappointment!

Be certain to get Kellogg's—the delicious kind of Corn Flakes in the RED and GREEN package—because none are genuine without the signature of W. K. Kellogg, the originator of Toasted Corn Flakes.

**Kellogg's  
CORN FLAKES**

Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and krumbled

# A PERSONAL SERVICE

A WORD TO THE WISE—

Surely we can all take a lesson from the thrifty squirrel who saves for his winter. One year of a squirrel's life is proportionately equal to ten of yours.

What will YOU have saved in ten years—for the winter years of your life?

# PERSONAL INSTRUCTION

Quick, thorough preparation in those most necessary aids to business success:

# Bookkeeping and Stenography

Opportunities for securing high salaried positions are practically unlimited. The State Departments at Austin need Bookkeepers and Secretaries. The United States Civil Service Commission is constantly advertising for office help. Banks and Commercial Houses are looking for well prepared young men and young women. We assist our graduates to secure positions. Write for catalog and information.

# The Pernicious Teachings Of The K's

## Exhibit No. 1

### IMPERIAL INSTRUCTIONS, DOCUMENT NO. 1---Series AD. 1918, AK. LII

Being official instructions in K-uno in the border Realm of Karacter from the one who traversed the Realm of the Unknown, wrested the solemn secret from the grasp of Night and became Imperial Master of the great lost Mystery. Words of timely Wisdom from the soul of the great Imperial Wizard, who out of Mystic Darkness brings Light—Printed by Ku Klux Press

#### "THE MOST SUBLIME LINEAGE IN HISTORY" IS THE KNIGHTS OF THE KU KLUX KLAN.

No institution can boast of such sacred sentiment or such heroic achievement. It is the continuance and the only legitimate successor of the "original" genuine Ku Klux Klan and the Knights of the White Camelia of the Reconstruction Period of American History. It is an incorporated institution, having been incorporated under the laws of the State of Georgia, U. S. A., December 4 1915, by William Joseph Simmons and three bona fide members of the original Ku Klux Klan, together with thirty other citizens of the State of Georgia.

#### THE PRACTICE OF KLANISHNESS—IMPERIAL INSTRUCTIONS, DOCUMENT NO. 1.—SERIES A. D. 1918, AK. LII.

To each and Every Citizen of the Invisible Empire, Knights of the Ku Klux Klan, My Cordial Imperial Greetings:—  
To You I Speak, Oh Noble Klansman!

The one great underlying principle of "our" noble Order, one which demands "constant" practice, is—KLANISH FIDELITY—constancy in the performance of Klanish Practices.

To be "klanish" (Note: We spell it with a K instead of C) to ward your fellow klansmen in ALL things honorable implies that this principle must be applied and exemplified in the four-fold realm of man's mundane life--Physical, Social, Moral and Vocational. This is the four-fold application of this "our" sacred and self-preserving principle and it is therefore a Fundamental element in the progress and stability of our great institution as well as in the betterment of our individual lives.

No klansman will strike, stab, lacerate or in any other manner inflict bodily pain or commit an injury to the physical being of another Klansman, unless in case of self defense, and to do so would be a crime against the Invisible Empire.

The practice of social klanishness enforces an affectionate and manly regard for the personal and professional reputation and good name of a klansman and that of a klansman's family and will not permit such to be slanderously assailed without resentment. "How sacred a thing is man's or a woman's good name! And thrice so is that of a klansman and his loved ones."

This principle enforces an appreciative valuation of each other, prompting sincere, courteous conduct and free social intercourse among klansmen. When you meet a klansman be glad to greet him and act the part, for he, like yourself is no common man.

(4) Vocational Klanishness: This calls for the constant and earnest exercise of this great principle in the Realm of one's business or professional life. Trading, dealings with and patronizing klansmen in preference to all others. Employing klansmen in preference whenever possible. Boosting each other's interest or professional ability; honorably doing any and all things that will assist a klansman to earn an honest dollar, thereby adding to his material wellbeing lightening the burden of life for him and constantly succoring him with new strength and refreshing encouragement. Make it a special point in life to know the nature of a klansman's business or profession and then hold him and his interest well in mind and never let an opportunity pass to turn trade or patronage to him and thus you will help him to succeed and be happy and thereby you will add to the force of joy towards dissipating the sorrow, grouch and gloom of this life and making the world brighter and better by your having lived in it.

For an example: If you should come across a person interested in the purchase or sale of real estate scan your list of known klansmen and if there be one who is in that line of business, though you may not be so intimately acquainted with him, urge this person to see your particular real estate man. It is presumed there is a profit to be made in the transaction if consummated, then do your part in endeavoring to turn the profit to a klansman. You must not tell this person why you insist on him seeing this particular real estate man, other than that he is worthy and deals honorably. He is a klansman and you can safely recommend him. Apply this method in regard to klansmen who are doctors, lawyers, dentists, merchants, barbers, opticians, carpenters, insurance men, taxi cab owners, automobile dealers and ANY and ALL other vocations of men. Again, a clerk for instance, or other employee of a shop, to hold his position must make good, his advancement hinges on his ability to produce business; therefore deal with those firms or persons who employ klansmen in their business and have your dealings with your fellow klansmen in person therein employed that he, or they, might get credit for the business done. If possible let the employer know that you deal with his firm on account of this particular man being employed by him.

The exemplification of this great principle enforces honesty in all transactions. Deal fairly and justly with klansmen at any and all times and in any and all things. To cheat, wrong or deceive a klansman, in plighted word or in trade or business transactions, would be a bad breach of klanishness for which you would suffer. If you borrow from a klansman be not slow to repay; remember it is an obligation of honor. Do not allow yourself to impose on a klansman's generosity. A klansman has implicit confidence and reposes a sacred trust in you, therefore do nothing that would impair that confidence or betray that trust. Be a big man, a fair man, an honest man in all your dealings with all men and most especially with klansmen. Remember, this sublime duty was voluntarily assumed by you and to this great work you have been solemnly dedicated and your life has been sacredly consecrated; see to it that you prove not yourself one who will flinch at DUTY or show himself a cowardly weakling or a treacherous scallawag.

Think seriously and soberly along this line of the application of this great principle and the greatness of it in its ultimate range will overwhelm you, and you will readily see what you have lost in the past by the common method of fraternal practice you have followed. Oh, how miserably meaningless is the so-called fraternity of the multitude of so-called fraternal orders! How disgusting to a soul unselfish and sincere.

The practice of clainshness is Fundamental with us, it is our mark of distinction as an institution and as individual members thereof; therefore, to be true you MUST train yourself accordingly. In this you will doubtless often be required to make some sacrifice of time or of conveniences and possibly some impulse of personal friendship or of old acquaintanceship, but to attain the lofty ideal to which we aspire it must be done.

Get out of the boggy swamps, my fellow klansmen, and get you to the mountain top where you can catch the vision, of the larger life that will impart to your soul super-human strength enabling you to enter the stressful struggle of the alien world, with which you are surrounded, and come out conqueror from every contest.

(2) Domestic Klanishness: Standing by and protecting the sanctity of the home, and its manifold interests, of a klansman, his family and its every interest and wellbeing, and faithfully warn him of any approaching danger thereof. Give due respect at all times, and maintain a klanish regard for the person and authority of its chief officer—the Imperial Wizard, and thereby facilitate his efforts in perfecting the work he has to do for the glory of the Invisible Empire in its development and government. He is laboring constantly and unselfishly for YOU, YOUR country and YOUR race. Your respect for him, his official decrees, edicts, mandates, rulings and instructions means much for you in approximating the common ideal of klansmen. He in his official capacity represents the entire order, every phase and feature of the whole institution centers in him. Be therefore constructive and not destructive or obstructive in your criticisms. If you have honest criticisms to make, take them to the proper officer to hear, discuss and consider them—the Exalted Cyclops of Klan, the Grand Dragon of your Realm, or the Imperial Wizard of the order. Do not in any manner wrong our institution by slandering it (though ever so mildly) or by discussing its seeming imperfections or the mistakes of its officers at any time or place where any person of the alien world may chance to hear. The institution believes in YOU and has reposed a very sacred trust in YOU; be true to the trust committed to your keeping and thereby give to it that sincere, unselfish devotedness as typified by the Fiery Cross; the light of that cross reveals YOUR DUTY, then perform that duty as a klansman and not as one of the common herd of mankind. Klanishness with us is the concentrated extract of "fraternity" intensified and applied in every conceivable way.

It is the constant application that counts—Constantly klanish towards klansmen in ALL things honorable. The Paramount distinction of a klansman, that which marks him as being different from other men—HE is KLANISH towards his fellow klansman. Klansmen, that is YOUR mark of distinction as you move among the great countless multitude of men and by it you will tower above men of alien creed as Saul of Gibbeah among the men of Israel. That is the mark of YOUR high calling—YOUR thrice honorable election, and may that mark be seen, known and devoutly respected by all men, that they may take knowledge of you that you are a citizen of the Invisible Empire. To this exalted honor our great institution has elected you and it seeks to elevate you to the higher life of matchless manhood.

KLANISHNESS is your creed and faith, therefore let no angel, man or devil break you from its glorious anchorage. Then, when the end of your initiation shall have been reached in this life and you have been summoned to take your place as an inhabitant of the Empire Invisible, as you pass through the veil you can say to the world in tones of truth triumphant, "I Have Kept the Faith!" Thus preserving your honor by a FAITHFUL allegiance your life shall not have been lived in vain.

Catch the Vision! You are no ordinary man. You are a KLANSMAN! A "Breach of Klanishness" is a violation of our great fundamental principle and supreme law and is therefore a crime against the Invisible Empire, and will consequently banish a man from citizenship therein more quickly and permanently than the committing of any other offense.

Done in the Aulik of His Majesty, the Imperial Wizard, Emporor of the Invisible Empire, in the Imperial Palace, in the Imperial City of Atlanta, Commonwealth of Georgia, United States of America, this the First day of the Fourth Month of the Year of Our Lord Nineteen Hundred and Eighteen, and on the Deadly day of the Windy week of the appalling month of the Year of the Klan LII, and of the Year of the Reincarnation III. Officially uttered, inscribed, signed, communicated and committed to you in the sacred unailing bond.

WILLIAM JOSEPH SIMMONS, Imperial Wizard.

The following article was published in The Texan "100 per cent American" on page 4, dated Sept. 1, 1922.

WHERE CLANISHNESS COUNTS—One of the most potent cements in the world to hold a Klan up and to hold it together is to practice a little clanishness, stick-to-getherness in our commercial dealings. You can just bet your last simoleon that other races practice it in ALL things. Clanishness in purpose, pursuit and interests is the proper cement.

#### —EXHIBIT NO. 2.—

Note the following address was intended to have been made by me sometime ago before the Thorndale Commercial Club, of which I am president, but after due deliberation I thought it best not to introduce anything which might cause friction in that body, and I now give it to the public for what it is worth or what they may think about it:

GUS NEWTON.

# The Pernicious Teachings Of The K's.

—EXHIBIT NO. 3.—

Gentlemen, outside of the many petty problems with which we have to deal—such as sanitation, fire prevention, trade extension, publicity and competition with nearby towns, we have confronting us a very vital issue which some of you may not have taken seriously up to now.

To come at once to the point, I will say it is the organization known as the Ku Klux Klan. To my mind it is the most serious and inexcusable movement that has ever been instituted in this country. Socialism is mild and harmless compared to it. It smacks more of anarchy and Bolshevism than anything we have ever confronted. Just at this time it is causing more friction, more distrust and more hard feelings and hatred between relatives, friends, neighbors and business associations in the South than was ever caused by the troublous conditions preceeding and during the late war which involved the whole world. There is less excuse for it than for any friction I have ever known. Just as we are coming out from under the influence of the world war, to my mind the thing to be done above all other things would be to live together in peace and harmony. But instead there has arisen among us an organization whose purpose it seems to be to disrupt the ties of blood relationship, personal friendship and our constitutional laws and government.

At this time it has practically every town and community of this state and as far as I am able to inform myself, every other southern state lined up—one faction against the other.

Where and how is it going to end? I ask this question most seriously and solemnly of each and every one of you, and I would appreciate an expression from each of you. There is a penalty on our statute books for each and every violation of law and order that can be imagined or suggested. If such were not the case then there would be undoubtedly an excuse for this nefarious organization.

I wish to go on record as being opposed to the principles and actions of the Ku Klux Klan and do here and now pledge myself to combat them in every way that is lawful and honorable and to defend, if necessary, with my life and any attempt by them to in any way do personal violence or to intimidate, threaten or otherwise to interfere with the lawful pursuit of pleasure, happiness, business, religion or politics of myself or anybody else in this community.

There is a well defined organized effort being made to combat any one who opposes the principles of the K. K. K. I am ready any day or any hour of the day to meet the issue. I am an advocate of fair play, have always been and will continue to be so long as there is life enough in me to defend this principle. I of course realize that a bunch of thugs could slip up behind me and overpower me and wreak their venence upon me for the position I have taken in this matter.

I know I have some enemies, none of whom dare to meet me face to face. I know, on the other hand that I have many friends and I call upon them to rally to my aid or to the aid of any other person who is attacked by this bunch of mobbers.

Most Respectfully,

GUS NEWTON,

No hood—no disguise—just plain—my signature above.

—EXHIBIT NO. 4.—

In the above article I have stated in a personal way as clearly and concisely as I could my position on the Ku Klux Klan issue. I now wish to state the position of The Thorndale Mercantile Company. Our position has always been and always will be one of fairness and squareness to each and every customer who enters our store, whether he be white, black, Jew, Catholic, foreigner or what not. From Exhibit No. 1 it seems a settled fact that the K. K. K. means and intends to boycott every person, firm or corporation that does not belong to or sympathize with them. As a business organization we accept the challenge. When the time comes that we have to stultify our ideas of fairness and of right dealing with the public then we are ready to go out of business. If such an organization can crush us in business then we are willing to accept our defeat. If it is the idea of the K. K. K. to make such a fight as indicated in Exhibit No. 1 then it becomes the duty of every red blooded American Citizen, every Jew, every Catholic, every member of any labor organization, every negro, every Mexican and every foreigner of whatever nationality to band themselves together against the Klan. We did not start this fight but we expect to be here to see the end of it.

This does not mean that we do not want patronage from the Klan. We will treat them as nicely as we would anybody else. Nor does it mean that we want all the trade of the Anti-K. K. There are many others who do not endorse the Klan and they are entitled to some business. But I do mean to say with all the emphasis at my command that if the K. K. K.'s, are going to boycott every business that don't endorse them, that everybody else who does not sympathize with them should do their business with some firm they are sure is not a member or sympathizer with the Klan. In other words, "An eye for an eye and a tooth for a tooth." I venture to predict that if the Klan activities are not stopped that all social societies, fraternal societies, our churches and even our constitutional government will be disrupted in the not distant future. I also venture to predict that thousands and thousands of otherwise good men will in a short time be thoroughly ashamed of themselves for ever having been proselyted to this strange and absurd faith.

This article may not bring me many friends, in fact I do not expect it to, but I do trust that it will imbue you with the knowledge that I am not afraid to say what I think and believe. I have seen many organizations, none of which were as vicious as this, come and go. I confidently expect to see this one go.

If this organization thinks the rest of the United States is going to bow in humble submission to its mandates—edicts and dictations—they have another think coming to them. It would be just as foolish as to think that water would flow up hill.

Respectfully,

GUS NEWTON,

President Thorndale Mercantile Co., Thorndale, Texas

## ACCIDENTAL SHOT FROM GUN WOUNDS CAMERON DOCTOR

DR. M. C. SAPP SUFFERS MINOR  
INJURIES WHILE DOVE  
HUNTING.

While out hunting for doves near the city on last Friday with a party of friends, including his son, Pope Sapp and little grandson, Dr. M. C. Sapp, prominent Cameron physician, was slightly wounded when he came in range of a shot gun being fired by Con Moody, bank clerk in Cameron and member of the party.

Dr. Sapp had seated himself with his small grandson, was waiting for the remainder of the party. A bevy of doves flying low attracted the attention of Mr. Moody who was within a short distance of the doctor and he fired, seventeen of the bird shot taking effect. The shot, eleven of which have not been removed, hit the doctor about the legs, face and hands.

The little son of Mr. and Mrs. Pope Sapp who sat beside the doctor, escaped unhurt.

Dr. Sapp suffered no ill effects from the shot except the pain of the moment and a slight irritation from the wounds where the shot were removed.

## AGED MAN LOSES EYE IN ACCIDENT.

Some four weeks ago while Uncle Jessie Watson, 84 years of age was walking through the timber where he lives near Hanover, was hit in his right eye by a limb. The eye became infected and was brought to town last Monday. It was in such a condition that it had to be removed. Dr. Taylor performing the operation which he stood fine considering his age. He is doing well and will return to his home in the next two or three days.

## NOTICE OF FILING ACCOUNT —GUARDIANSHIP. THE STATE OF TEXAS.

To all Persons interested in the Estate of William Madison, Minor: Newton McDonald, Guardian of the person and estate of William Madison minor; has filed in the County Court of Milam County, his application for leave to resign the guardianship, and has accompanied same by an account for final settlement thereof, which will be heard at the next Term of said court commencing the First Monday in October, same being the 2nd day of October A. D. 1922, at the Court House thereof, in the City of Cameron, at which time all persons interested in said Estate may appear and contest said account, should they see proper to do so.

Given under my hand and the seal of said Court September 9th, A. D. 1922.

WILL T. YATES,  
Clerk County Court Milam County,  
Texas.

## A CAMERON INTERVIEW.

Mr. Mitchell tells his experience: The following brief account of an interview with a Cameron man five years ago, and its sequel, will be read with keen interest by every citizen.

M. W. Mitchell, retired farmer, 503 E. 15th, Street, Cameron, says:

"Several years ago my kidneys were out of order and I had a weakness across my back and loins. The kidney secretions annoyed me by their irregular passage at times being too free and then again scanty. Very often the kidney secretions contained a brick-dust-like sediment. A friend recommended Doan's Kidney Pills and I used them as directed. Doan's soon regulated my kidneys and relieved me of all symptoms of kidney complaint." (Statement given June 28, 1915.)

On July 2, 1919, Mr. Mitchell added: "I feel just as kindly toward Doan's Kidney Pills now as when I endorsed them in 1915. Doan's is my standard remedy for any kidney complaint."

## 90TH DIVISION TO GATHER IN TULSA FOR A REUNION

COMMANDER MIKE C. ROGG IS-  
SUES CALL FOR CONVEN-  
TION TRIP.

Lt. Jim Baskin has received the following from Mike C. Hogg of the 90th Division about the coming Tulsa convention.

No longer does the bugle awaken us in the morning; no longer do we line up for CHOW; no longer are we bothered by the bosche or the cootie—those days are gone forever and live only in our memories. Some of us are doctors and lawyers, some are merchants and farmers, some earn clerks and bookkeepers, some are their keep by the sweat of their brow, some are fighting the fight of their lives to regain their health lost in making our glorious record, while others wallow in the lap of luxury. All of this we find in civilian life. Not long ago we were all just men—BUDDIES—it wasn't what we had or who we were but what we were. Just part of the gang—all pals and buddies. There was another division where that spirit was so pronounced. Lets live it all over again for the two days in Tulsa. Remember the dates—September 25 and 26! What 90th Divisioner will ever forget them?

Tulsa wants us—is proud to have us—and is making great plans for our entertainment. The Chamber of Commerce sends this message "Assure the boys that the Tulsa C. of C. and all Tulsa Organizations and business men desire to give them most cordial welcome and to help them have a great Convention." It is a most friendly territory so you can advance in the closest and cheapest formation and by the most open and direct route. You can tell the world you are coming. By all means tell your buddy—write to him and tell him to meet you there. Many have changed their addresses and we can't

reach them. You know where they are for they are your pals. Write to them so they will know all about it, and see that your local papers run an article or two about it.

Ruduced railroad fare has been granted. Your certificate is enclosed herewith. It is good for yourself and if you have any of the family that wants to go, we will send another certificate. Present this certificate to the ticket agent and he will sell you a round-trip ticket for one and one-half fare. Tell your buddy that he can get one from Mr. Arthur J. Reinhart, Secretary of the 90th Division Veterans Association, Criminal Court Building, Dallas.

The old days may be gone forever but we can have one neck of a time living them over again in memory for at least two days each year. Lets make this years reunion the biggest yet. The 90 Division Veterans Association has the reputation of being the best veterans organization of them all. Lets Maintain it.

Don't worry about the CHOW, the FUN or anything else—not even the CREDITORS. Tulsa will take care of the first part and you let the creditors do the worrying if they must. IF you won't come we will miss you and you will miss us. Let's Go.

Why not all from Teras meet in Dallas and go together. Special train over the Frisco. Write the Secretary and he will make reservation for you. Let's hit Tulsa with a bang.

Sincerely,  
Mike Hogg, President,  
Houston, Texas.

## FATE OF SOLDIERS' BONUS BILL IS NOW UP TO PRESI- DENT HARDING.

Washington, Sept. 15.—Congress today passed the soldiers' bonus bill along to President Harding.

Prompt action by the executive was anticipated, but opinion at the capital as to whether he would veto or approve the measure still was divided. This question entered largely into the debate today which preceded senate adoption of the conference report 36 to 17.

Conceding that while the question

of the president's attitude when Senator Harrison, democrat, Mississippi, expressed it "up in the air," Senator McCumber, republican, North Dakota, in charge of the bill, said he "hoped to God" the president would sign it.

"I think he ought to sign it," he declared, adding that if senators who wanted to "help the soldiers" would remain in Washington until a "final vote," this bill would get sufficient votes to pass it over a veto.

During senate debate today Senator Underwood of Alabama, the democratic leader, referred to the probability of a veto, while Senator Harrison said he had reports that "word has been passing down the line that the president is going to veto the bill." Senator McCumber told the senate he was still in hope that there would be no veto, reiterating his opinion that the measure as drawn met the objection of the president and the secretary of the treasury to the original cash bonus participation.

## SAYS CALOMEL SALIVATES AND LOOSENS TEETH.

The Very Next Dose of this Treacherous Drug May Start

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. (Adv)

## Dad, Mother, Ironized Yeast for Rheumatism

Do You Realize What Ironized Yeast-Vitamines Will Do for Rheumatism and Lumbago?

Do you know that lumbago and iron are part of your very life? Do you know that the tissue-and-blood factory in your body needs these two materials, and needs them badly? Do you know that if your body furnace does not get enough of these, that

"Whoopie! Rheumatism Pains and Aches All Gone. Ironized Yeast Is Surely Wonderful!"

queer poisons, joint poisons, muscle poisons, acid poisons are formed instead of the healthy flesh and the rich blood you used to have in days gone by? If you hobble in your gait, if pains distort your body, if bending over is an unspeakable agony, if dull aches make you breathe heavily and begin taking Ironized Yeast today. Beware of imitations and substitutes, because Ironized Yeast is not a mere combination of yeast and iron, but is yeast ironized, which is a substance all by itself. There is only one Ironized Yeast in all the world. Sold at all drug stores at \$1.00 a package and containing 60 tablets, each tablet containing 60 grains of iron. Mfg. only by Ironized Yeast Co., Atlanta, Ga. Say goodbye to rheumatism from now on!

## TAX VALUATIONS REPORT IS READY

PRESENTED TO COMMISSIONERS  
COURT IN SESSION HERE  
BEGINNING TODAY.

Valuation on property in Milam county as contained in the report of Miss Leila Woolley, tax assessor, filed with the Commissioners court which convened Thursday shows a total value for the county off \$18,358,490.

Miss Woolley is the first assessor in the state to have compiled this report.

Report ready on valuation of property in Milam county both real and personal to be submitted to the Commissioners court which meets this morning in regular session is as follows:

|                             |              |
|-----------------------------|--------------|
| Total Land Value.....       | \$11,074,086 |
| City Property .....         | 2,386,035    |
| Personal .....              | 2,805,979    |
| Railroad Beds .....         | 1,112,790    |
| R'y Rolling stock .....     | 260,530      |
| R'y intangible alue .....   | 215,340      |
| Pipe Line .....             | 160,780      |
| Telegraph-Telephone .....   | 570,990      |
| State and Nat'l Banks ..... | 483,060      |
| Total .....                 | \$18,358,490 |

The tax for state and county for this year per 100 dollars is \$1.37.

A copy of the report has been turned over to the tax collector and the force in the collectors office is busy making out receipts for payment of taxes which will begin Oct. 1.

Miss Woolley is among the first in the state to get the valuation of property report ready.

### THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to summon Lewis Phillips by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 13th day of November 1922, the same being the second Monday in November 1922, then and there to answer a petition filed in said court on the 7th day of September 1922, in a suit numbered on the docket of said court No. 8731, wherein Leona Phillips is plaintiff and Lewis Phillips is defendant said petition alleging: a cause of action for divorce, based upon the statutory grounds of 3 years abandonment, and of abandonment and adultery upon part of defendant, and praying for divorce, cost of suit, etc.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this 7th day of September A. D. 1922.

PENN WOLF,

Clerk of the District Court, Milam County, Texas. 20 4t.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms and the Child will be in perfect health. Pleasant to take. 60c per bottle.

AN ORDINANCE authorizing Cameron Water, Power and Light Company to require the installation of water meters by consumers and regulating the same:

Be it ordained by the City Council of the City of Cameron:

Section 1. That the Cameron Water Power and Light Company shall have the right, at its option, to require the installation on the premises of any water consumer of a water meter provided that all such water consumers who have not such meters at the date of the passage of this ordinance shall not be required to pay for the cost of the installation of water meters hereunder, in case the said Cameron Water, Power and Light Company requires the installation of same, but such cost shall be borne by the said Cameron Water, Power and Light Co.; but this provision shall not apply to buildings to be hereafter erected or to consumers of water who begin such consumption after the passage of this ordinance. And the said Company shall further have the right to direct and approve the character, size and installation of any and all meters installed, and shall have the right to inspect and examine the same.

Sec. 2. In the case of a "domestic use" water consumer, the size of the meter so required shall not be larger than that now technically known as "three-quarter inch water meter." And where the Company owns the meters it shall have the right to make a monthly "meter service charge" of twenty-five cents per calendar month or a fraction thereof for domestic use.

The foregoing Ordinance was duly introduced and offered for adoption and read in full and on motion was duly referred to the Committee on Ordinances at the regular meeting of

the City Council held on the 5th day of September A. D. 1922.

The Committee on Ordinance duly reported the above Ordinance with recommendation that it do pass and on motion said report was received and by an aye and no vote of the Council the rule requiring Ordinances to be read at three different meetings of the Council was duly suspended by a two-thirds vote of the members of the City Council and said Ordinance was placed upon its second reading and after being duly read was passed to its third reading this 5th day of September A. D. 1922.

The rule requiring the foregoing ordinance to be read at three separate meetings of the City Council was duly suspended by a two-thirds vote of the City Council and same was placed upon its third and final reading and was adopted by the City Council this 5th day of September A. D. 1922.

The foregoing Ordinance after having been duly passed and adopted by the City Council was by me duly approved and ordered recorded in the Book of Ordinances this 5th day of September A. D. 1922.

J. B. WHITE,

Mayor of the City of Cameron.

THE STATE OF TEXAS

County of Milam.

I, R. D. Brown, Secretary of the City of Cameron, do hereby certify true and correct copy of the above styled ordinance and the proceedings relating to its adoption and approval as the same appears or record in the Minutes and Book of Ordinances of the City of Cameron.

Given under my hand and seal of office this 5th day of September, A. D. 1922.

R. D. BROWN,

Secretary of City of Cameron.

### "Slimy Taste"

"When I feel stupid, get constipated, or bilious, I take a good dose of two of Black-Draught and it sets me straight," writes Mr. George B. Haislep, of R. F. D. 2, Columbia, S. C. "It cleanses the liver and I feel all right, and have not used any other medicine as I do not see the need of it. I am a guard at the State Reformatory, and have been for three or more years. When I first heard of

## BLACK-DRAUGHT

Liver Medicine

and the good medicine it was, I had been having a tired feeling when I'd get up in the morning. I would be stiff and sore, and had a slimy, bad taste in my mouth, but didn't think so much of it till I began to feel stupid and didn't feel like eating—then I knew I needed medicine. It was then I began Black-Draught, and I felt all made over, ready for any kind of work, ready to eat and sleep. So, for any return of this trouble, I take Black-Draught, and for 25 years it has been my medicine, and I wouldn't be without it at all. My work is constant. I am on my feet a lot. I am out of doors, and fresh air and Black-Draught are all the medicines I need. I recommend it to others for I know it is good."

State of Texas vs. Nicholas Dyer September 28.  
State of Texas vs. A. Gandy September 20.  
State of Texas vs. Will Nuley September 21.  
State of Texas vs. John Thomas September 18.  
State of Texas vs. Gandy September 22.

### OPEN NOSTRILS! END A COLD OR CATARRH

How to Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache—no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure. (Advertisement.)

## B. P. MATOCHA HEADS KNIGHTS OF COLUMBUS

OFFICERS FOR YEAR NAMED AT  
MEETING HERE LAST  
THURSDAY.

The annual election of officers and trustees of the local council of the Knights of Columbus, was held on Thursday evening at 8:30 o'clock in the K. of C. hall in Cameron. The election was attended by members from all parts of the district, most of the officers now serving the council were re-elected to serve for the ensuing year.

The officers will be installed on Columbus Day, October 12th, which will be celebrated by the order. The following members were elected: B. P. Matocha, Grand Knight; John P. O'Neil of Burlington, Deputy Grand Knight; Wm. Balhorn, Financial Secretary; B. J. Matocha, Treasurer; A. E. Matula, Recording Secretary; E. E. Sullivan, Advocate; Joseph Hampel, Chancellor; Wm. Michalka, Warden; Peter Kunz and Joseph Michalka, Guards and Edward Hess, Frank Wolzel, and H. A. Janicek, Trustees.

A large class will be initiated in the order sometime in the early winter.

### A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 75c.

Texas.

### CONSTABLE'S SALE. THE STATE OF TEXAS

County of Milam.  
By virtue of a certain Alias Execution issued out of the Honorable District Court of Bell county, on the 6th

day of July 1922, by L. H. Carll, Clerk of said Court against A. R. Rhoades for the sum of Seven Hundred Seventy Five and no/100 (\$775.00) Dollars and cost of suit, and interest at 6 per cent from April 11, 1921, in cause No. 12988 in said court, styled Nora Reynolds Rhodes versus A. R. Rhoades and placed in my hands for service, I Chas. Sens, constable of Precinct 1, Milam county, Texas, did on the 14th day of August 1922 levy on certain Real Estate, situated in Milam county, described as follows, to-wit:

Lot No. 2, in block No. 2, in the town of Gause, Milam County, Texas, and levied upon as the property of said A. R. Rhoades, and on Tuesday, the 3rd day of October, 1922, at the Court House door of Milam county, in the City of Cameron, Texas, between the hours of ten A. M. and four P. M. I will sell said Land at public vendue, for cash, to the highest bidder as the property of said A. R. Rhoades by virtue of said levy and said Alias Execution.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald a newspaper published in Milam county.

Witness my hand, this 7th day of September 1922.

18 3t CHAS. SENS,  
Constable Precinct 1, Milam Co.

### WHAT YOUR SKIN NEEDS

Conscientious care must be used to keep the tiny pores and cells active, otherwise dangerous sluggishness is apt to result. Accumulations of oil, perspiration, dirt, rouge and powder, clog the pores and produce blackheads, pimples and other blemishes.

Powder, cold cream or rouge may conceal this condition, but a thorough cleansing every day with soap and water is the only cure. This will stimulate the skin to natural activity, and help it to do its own beautifying. Smoothness of texture and a natural rosy color will reward your efforts.

Cleopatra knew this secret. The cleansers she used were the same you may have today—Palm and Olive oils. These beautifying oils are blended in famous Palmolive Soap. They give it mildness, wonderful soothing qualities, profuse, creamy, refreshing lather. Cleansing with Palmolive is a beauty treatment in itself. If you wish your skin to be fresh and rosy, begin its use today.

You can buy Palmolive Soap at all first class groceries and drug stores.

VOLUME 45.

## MOTOR CAR VALUES

What would happen today if every automobile in the world were destroyed?

It would be a greater catastrophe than the stoppage of all railroads. So completely is our everyday life on a motorized basis that it is beyond the comprehension of any single individual to analyze the disaster that would follow the loss of motor-driven vehicles.

Probably the first general and most far-reaching consequence would be the interruption in the world's business of feeding itself.

From the very preparation of the productive soil on through delivery of crops to market centers, then to manufacturing and shipping industries and finally to the producer by devious progressive merchandising steps, the civilized world, and particularly the United States, is more dependent upon motor transportation than it has ever been compelled to realize.

Localize the same problem. Consider the merchant. He solicits and delivers over a great circle of trade what would be impossible without automobiles. His trading radius is extended beyond his actual solicitation

because the automobile enables buyers to reach his place of business at their facilities that have almost no limiting factors as to speed or distance are no less important sales arguments than quality and price of goods on his counters.

In the growth of the world's social and industrial structure tremendous strides have been made since the inception of the automobile. Of course this has not been entirely because of the motor car, but history proves that the betterment of mankind, the progress of civilization, has always been in direct ratio to the improved methods of transportation. Pre-historic man found his life offering undreamed possibilities when the first wagon with round stones for wheels was conceived. And yet as his era of civilization progressed it found that there were still greater needs for better transportation.

From that day to this, mankind has ever sought better transportation for himself and his family, better means of moving his worldly possessions, easier ways of gaining the necessities and some of the luxuries of his day. Improved transportation has been the

obvious means.

History records few far-reaching developments toward the betterment of man during the centuries that water and land travel was difficult, limited dependent upon the elements.

What would be the condition of the world today if modern transportation had been at the service of the Father of Christianity?

Inventions, discovery of new principles in science, all such factors in the onward march of progress were virtually stifled by the difficulties of transportation and its corollary, communication.

Steam brought us boats and railways. Civilization advanced at a pace hitherto unknown.

Recall the every day life of twenty years ago. Compare it with your life today. Even though travel was easier over long distances, individual transportation for short distances was still a problem.

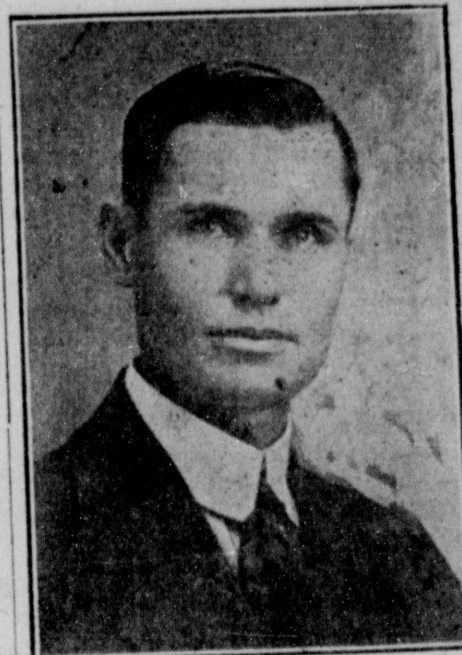

The automobile has changed modern life perhaps more completely than any other development in transportation yet known. Literally, we live in a world on wheels.

DIAMOND TIRE DISTRIBUTOR.

Milam—the County of Diamonds—Not Stones, But Tires.

TRUTH IS MIGHTY  
AND SHALL PREVAIL.

"The universal popularity of Studebaker Cars is attested by the fact that the corporation enjoyed the biggest business in its history in the year of 1921," said Joe J. Michalka.

"The sales of Studebaker Cars were 29 per cent greater than in 1920, notwithstanding the fact that the total number of cars sold of all others (except Ford) was 40 per cent less than in 1920. Stated otherwise, Studebaker's ratio of sales was 129 and the total of other makes 60, as compared with 1920.

"The number of Studebaker Cars sold in the year of 1921 in both Greater New York and in the Metropolitan District exceeded the sales of any other make except Ford.

"Studebaker is the world's largest producer of six-cylinder cars.

"The only possible explanation of the popularity of Studebaker Cars lies in their quality, durability and dependable performance in users' hands. Proof that the cars stand up in service with minimum repairs is evidenced by the fact that our sales of Repair Parts in 1921 were 12 per cent less than they were in 1920, notwithstanding that 118,000 new cars were sold and put in operation in 1920 and 1921. Based on the total estimated number of Studebaker Cars in operation in 1921, we sold \$16.00 worth of parts per car for repairs from all causes, including accidents.

"The materials and workmanship in Studebaker Cars measure up to the highest standards known to the automobile industry. Substantially better intrinsic values cannot be obtained at any price. The theory that high prices necessarily mean fine cars is fallacious, simply because prices are not based upon intrinsic values but upon production costs of individual makers, which vary widely according to their ability and manufacturing facilities. Obviously, high costs of production, inevitably arising from incompetence or inadequate manufacturing facilities, mean not only high prices but actually inferior cars.

"With \$70,000,000 of actual net assets including \$36,000,000 of plant facilities, Studebaker stands unsurpassed in ability and resources to manufacture economically and give the greatest intrinsic value possible for a given price."

A FEW DON'TS FOR  
MOTOR TRUCK DRIVERS.

In order to insure better care of motor trucks by drivers, the following list of don'ts posted in a conspicuous place on loading platforms of large users of motor trucks may help to make drivers more careful and lead to a better appreciation of motor trucks by the general public.

Don't try racing with a touring car; your truck was built for strength, not for speed.

Wash your truck frequently; a dirty car can spoil a lot of good advertising.

Street car tracks are nice on springs, but hard on tires—and steel costs less than rubber.

Don't neglect a loose part, even though it seems to operate more freely that way.

Don't forget to watch the other fellow ahead; a slow stop on your part nearly always costs you a punctured radiator.

Use your brakes when getting "spotted," platforms were built to load, from, not for bumping posts.

Don't drive too close to the curb; edge-trimming is a fine institution for pie crusts, but too expensive for truck tires.

The steering wheel is vastly important, but it is well also to give the grease cups an occasional turn.

Don't slide the rear wheels when stopping; rubber pavement polishers are too much of a luxury.

CRANK CASE SHOULD  
BE DRAINED OF OIL  
EVERY 500 MILES.

Too much cannot be said on the importance of draining your crank case every 500 miles, state Morris A. Kahn, distributor of Universal motor oils.

"There are two reasons for this attention," he stated. "First, fully 15 per cent of the gasoline entering the combustion chamber does not explode. It must go somewhere, and consequently a considerable portion leaks down by the pistons, entering the crank case, the remainder carbonizing.

"Gasoline constantly dripping into any oil will ruin its body beyond its fitness for lubricating purposes after the motor has been operated for 500 miles. If the car owner would prove this assertion by mixing a pint of gasoline to two quarts of lubricating

oil he will be convinced of the sense of this statement.

"The second reason is simple: Any substance will show a depreciation under constant wear, while oil being but a mass of globules, it must break down in time under the excessive heat and wear to which it is subject."

LOW GRADE GAS  
PROBLEM IS SOLVED.

During the past several years the motoring public has been confronted with a decreasing quality of gasoline at an increasing price.

Realizing that the tremendous and constantly increasing consumption of gasoline for motor use placed the problem squarely up to them, automotive engineers of America, with the resourcefulness and ingenuity which has always been an outstanding characteristic of the industry, have steadily produced engines with increased ability to consume low grade fuel efficiently.

With the announcement of its new series 10 motor recently, the Franklin Automobile Company introduced a device for promoting efficient consumption of low grade gasoline which has excited unusual comment, both with the motoring public and in automotive engineering circles.

This new device, which is known as a fuel transformer, is situated between the carburetor and the intake manifold and prevents entry of raw gasoline into the intake manifold without hindrance. Unvaporized gasoline, however, is checked and returned through two passages into the main channel, where it is drawn upward by suction across corrugated surfaces, which are heated to high temperature by exhaust gases.

It is possible to send the "heavy ends," gas that does not easily vaporize, around this circuit several times if necessary in order to break it up.

The fuel transformer is not only of great value in producing greater mileage and more power from a given quantity of gasoline, but prevents the entry of raw gasoline into the cylinders from where it passes down into the crank case and causes "crank case soup," mixing with the oil and robbing it of much of its lubricating qualities.

Operation of the fuel transformer is simplicity itself, and it requires absolutely no attention.

Tests have shown that the tempera-

ture of the mixture passing through the fuel transformer to the inlet manifold is very nearly uniform at all times, ranging from 160 to 166 degrees fahrenheit when the driving speed is above 15 miles an hour.

It is said to be the only device of its kind used by passenger car manufacturers.

The fuel transformer was originated and perfected by Franklin engineers and patent applications covering it have been made by the company.

## RURAL COUNTIES WANT TRUCK

A survey by county agricultural

agents reports a need for more motor trucks in 650 counties. Georgia reports the biggest demand with 59 counties. Pennsylvania is next with 43.

## TEXAS BUILDING HIGHWAYS.

Texas is leading all other States in the construction of federal aid highways. This State now has 1382 miles of such highways under construction, and has, in addition, completed 1116 miles.

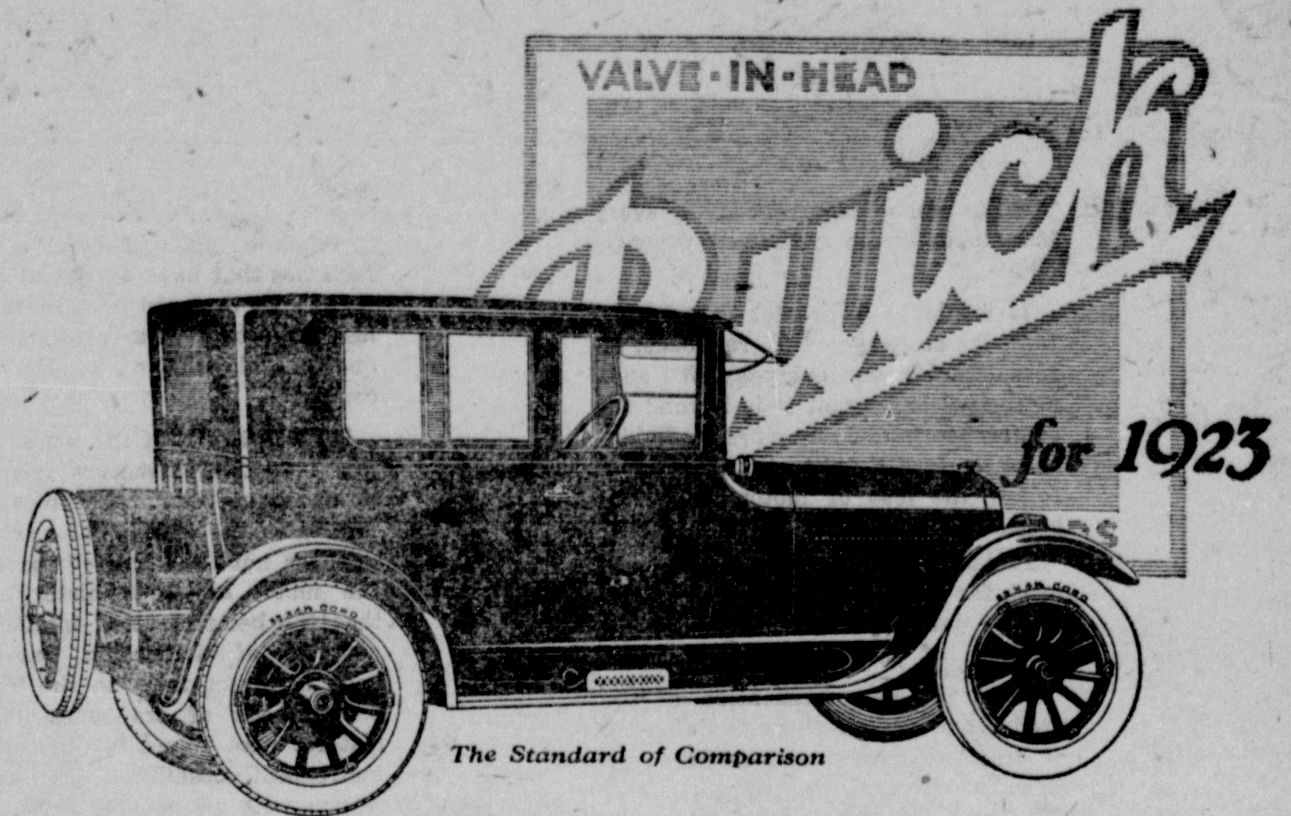

## AUTO DRIVERS CAREFUL.

Ninety-seven per cent of automobile drivers are careful, according to

inspectors of the Pennsylvania railroad who checked 30,478 cars at grade crossings in five States. The educational campaign of the automobile industry, the Cross Crossings Cautiously drive of the railroads and the efforts of many other organizations are being pushed to eliminate the 3 per cent of careless drivers.

## TRUCKS AT MINES.

Of the 600 precious and semi-precious ore mines in this country, no less than half employ motor trucks for the transportation of raw materials.

Perfect Comfort on the Longest Tour  
The 1923 Buick Six Touring Sedan—\$1935

## Large Luggage Trunk

The handsome luggage trunk carried on the rear of the touring sedan models is as practical as it is striking. It will carry a suitcase or small luggage so that the passengers need not be inconvenienced.

For touring to the "Big Game" this fall, driving on the boulevard, or slipping along a country road in the hazy sunshine of Indian Summer, this smart new Buick six-cylinder touring sedan offers a degree of comfort that cannot be surpassed.

Long and low in appearance, it affords perfect riding ease and comfort for five passengers. Its well-knit chassis, new cantilever springs and strong frame take up the jars and jolts of the country road.

Broad plate glass windows give a wide vision to all occupants, while protecting them from chilling winds. Added warmth is provided by a heater. The interior of the Fisher built body is finished in handsome plush with individual seats in front. Driving convenience is assured by a longer steering column at a lower angle, complete instrument panel and longer gear shift lever.

The Buick Line for 1923 comprises fourteen models: Fours—2 Pass. Roadster, \$865; 5 Pass. Touring, \$885; 3 Pass. Coupe, \$1175; 5 Pass. Sedan, \$1395; 5 Pass. Touring Sedan, \$1325; Sixes—2 Pass. Roadster, \$1175; 5 Pass. Touring, \$1195; 5 Pass. Touring Sedan, \$1935; 5 Pass. Sedan, \$1985; 4 Pass. Coupe, \$1895; 7 Pass. Touring, \$1435; 7 Pass. Sedan, \$2195; Sport Roadster, \$1625; Sport Touring, \$1675. Prices f.o.b. Buick Factories. Ask about the G. M. A. C. Purchase Plan, which provides for Deferred Payments.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

SPECIAL-SIX  
SEDAN

*Studebaker*  
\$2050

THE Studebaker Special-Six Sedan will win your admiration at first glance. After you have examined it you will be even more delighted with it. When you have ridden in it you won't be satisfied with anything else.

The market does not offer a more beautiful enclosed body. Certainly none is built of better materials and finer workmanship. It is a striking example of the handicraft of Studebaker artisans.

Everything is in exquisite taste. Its distinctive body lines are enhanced by massive headlights, the graceful cowl lamps and the courtesy light just above the running board on the driver's side, which illuminates the roadway in passing other cars at night.

Four doors that swing wide open; simple, automatic window lifts raise or lower plate glass windows; opalescent corner lights; massive headlights; artistic coach lamps; courtesy light; cowl ventilator; windshield wiper and rain visor; jeweled eight-day clock; exhaust heater; thief-proof transmission lock.

Inside, the inviting depth of the cushions, the subdued harmony of upholstery, the soft carpeting and the completeness of appointments offer an irresistible appeal.

It is mounted on the same Special-Six chassis which has won the enthusiasm of thousands of owners for its dependable performance, power, comfort and economy in fuel and tires.

The Studebaker Special-Six Sedan offers the utmost closed car refinement—and at moderate cost. At the new low price of \$2050 it represents the greatest closed car value that Studebaker ever offered.

The name Studebaker is your assurance of satisfaction.

### CHEVROLET BREAKS RECORD FOR 1922 BUSINESS.

The following statement relative to the record of the Chevrolet Motor Company 1922 business is made by the White-House Motor Company in Cameron, distributors:

Deliveries of Chevrolet cars during the first months of this year established a new high record for the Chevrolet Motor Company. In every respect the period was the most successful in the history of this division of General Motors Corporation.

Deliveries from the factories in the first half of this year were 183 per cent of total deliveries made during all of 1921, and were one-third greater than during the first six months of 1920 which was heretofore the banner year with Chevrolet and the whole automotive industry.

June of this year not only exceeded any other month of the year, but also brought 198 per cent of sales registered in June, 1920, and nearly three times as much business as did June, 1921.

Not only did June, 1922, show an increase of several thousand cars over May, but May was 20 per cent greater than April, and April exceeded the best previous month in the history of the company. March saw more business won by Chevrolet than any previous March. February sales were also ahead of January by a decisive margin and January figures were 522 per cent of January, 1921.

For a period of six months, 1922, has seen Chevrolet forge ahead with over four and a half times the volume of business it recorded during the same period last year. The greatest single gain in comparative months was in April, this year's sales for that month being 747 per cent of those made in April last year, April 1922, also ran 29 per cent ahead of the previous record month which was July, 1920. Over 850,000 Chevrolets have been sold, and the factories today are unable to make deliveries fast enough notwithstanding the fact that delivery of cars from the plants during the first six months of this year increased month by month at a rate almost without equal in the entire automobile industry. Chevrolet is setting the pace for the industry in the return of full prosperity.

Today Chevrolet holds the position of manufacturing the world's lowest-priced, quality automobiles; it is the world's largest manufacturer of quality automobiles, and is the world's largest manufacturer of high-grade closed cars.

Certainly Chevrolet is making his-

tory this year. It is really "The Car That Is Making 1922 Famous."

### BUICK MOTOR CARS.

A. E. Schiller, Buick dealer makes the following statement about the New Buicks:

No single season in recent years has seen so many improvements in Buick cars as the present one; and never has the Buick line been so complete.

Here is a double advantage for the purchaser of a motor car. Among the fourteen fine vehicles that bear the Buick nameplate for the season of 1923, there is a range of selection and

a mechanical excellence that insures the utmost of satisfaction.

Buick has long stood apart among motor cars. For twenty years and more Buick has been the world's leading exponent of the Valve-in-Head principle of motor design and Buick cars have been everywhere, respected for their marked power, endurance, long life and economy.

The present season is one of exceptional progress, or it brings with it changes so general that they improve the operation, or the comfort, or the convenience of every unit in the car, from the engine to the smallest details.

All of these changes are well-con-

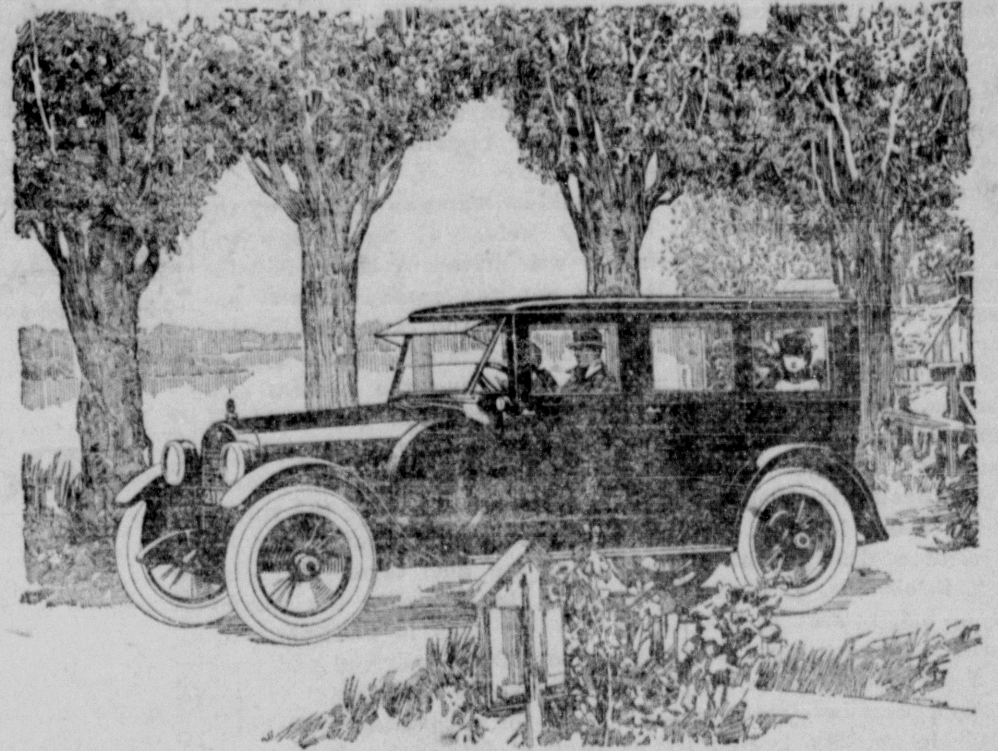

sidered and have their origin in sound engineering. The engine, for example, is fitted with longer pistons and connecting rods, adding to the smoothness and long wear for which Buick engine has always been noted. A new real spring suspension has been devised which is undoubtedly the highest development of the cantilever type yet achieved. The frame,

the transmission, the rear axle, the brakes, the bodies and their equipment, each shows the hand of the skilled designer by some new and valuable features.

The insurance companies have rated all fourteen models as Class A fire risks, because of the safety of their electrical and gasoline sys-

tems. The theft rate has been materially reduced because of the protection afforded by the stout transmission lock. This means a big saving in insurance premiums over cars not so rated; it also indicates the close attention to detail that has been paid to these Buick cars for the season of 1923.

# H U D S O N

MOST BEAUTIFUL OF THE HUDSONS

## The New Sedan is Here

The De Luxe Car of the Year, \$2295

It excels even those beautiful Hudsons which were counted matchless values at above \$4,000—Limousines, Town Cars and Landaulets, famed for their distinction.

No other Hudson so completely sums the body-builder's art. It

blends richness and luxury with a simplicity that is the hall-mark of Hudson enclosed car charm.

It seats seven. And of course it has the new Hudson motor, which has won such instantaneous admiration everywhere.

Speedster -- \$1645 7-Pass. Phaeton -- \$1695 Coach -- \$1745 Sedan -- \$2295

## "I knew him when he was a boy"

What one is there of us that has not felt the glow of satisfaction over the outstanding success of a life-long friend! Often a surprise—seemingly "all of a sudden." Yet neither surprising nor sudden, when you stop to think back over each step of his progress.

**THE** United States Rubber Company—makers of U. S. Royal Cords—were first to conceive, make and announce the balanced tire. A tire in which there is such complete unity of action in tread and carcass that neither will give way before the other.

First to conceive, make and announce a complete line of tires—a tire for every need of price and use under one standard of quality.

First to tell the public about the good and bad in tire-retailing. (You remember the phrase "Go to a legitimate dealer and get a legitimate tire.")

First also to arouse industrial and trade minds to the need of a new kind of tire competition. (Competition for better and better values. Greater and greater public confidence.)

**THESE** high spots along the U. S. road to leadership indicate the intent—the will to win by the quality route in a price market.

Now that so many car-owners have given their verdict for quality tires in general, and U. S. Tires in particular—a number of dealers and car-owners whose vision has been clouded by "discounts," "sales" and what not, are beginning to remember that they "knew him when he was a boy."

## Why the Superior Chevrolet is the Most Economical Transportation

### BECAUSE—

- It uses about 25 per cent less gasoline.
- It uses from one-third to one-half as much oil.
- It is easier and safer to guide.
- It is more comfortable to ride in.
- It has a speedometer on the transmission.
- It has an oil gauge on the dash.
- It has a one-man top.
- It has a Gypsy style back curtain.
- It has a water pump.
- It has a positive gear drive oil pump.
- It has a Timken roller bearings in the front wheels.
- It has a slanting full ventilating windshield.
- It has a new spiral bevel gear differential (rear end.)
- It has a Willard Rubber Threaded Battery.
- It has a hand-gear lever.
- It has a hand emergency brake control.
- It has a foot accelerator.
- It is easy to start in cold weather.
- It is noted for its pulling power.
- It has National headlight lenses.
- It has a fine appearing enameled body.
- It has the same size tires front and rear.
- You can get replacement parts quickly.
- It has high resale value.

"THE WORLD'S LOWEST PRICED FULLY EQUIPPED AUTOMOBILE."

Thomas Blinka, Buckholts, Texas.

## TWO SIMPLE RULES

URGED BY THE A. A. A.

Accidents on the highways could be greatly decreased by the passage of uniform State laws requiring every truck to carry a mirror, giving a view of the road immediately to the rear, and by requiring every horse drawn vehicle, as well as automobile, to display some sort of light when using the roads at night.

This is the opinion of M. O. Eldridge, director of roads of the American association good roads board after making a careful digest of the traffic laws of all States of the union. Mr. Eldridge, in a report to the secretary of commerce, sets forth that 13 States have laws requiring the mirror on trucks but that very few have any regulation for horse-drawn vehicles. The States requiring mirrors on trucks are Vermont, Washington, California, Connecticut, New York, Indiana, Kentucky, Massachusetts, Michigan, Missouri, New Jersey and the District of Columbia.

"Motor trucks need mirrors, as they travel at a slower rate of speed than passenger cars, and the noise of the engine completely drowns out, in many instances, the horn of the motorist behind, who is blowing for the road," said Mr. Eldridge. "Often they will swerve about the time the passenger car is about to pass, and the light on a horse-drawn vehicle, the need for it is obvious, as a motorist, coming up behind such a vehicle and perhaps blinded by the headlights of a car coming from the opposite direction, can not see the horse-drawn vehicle until he is right on it."

## THE BUICK MODEL 23-SIX-45.

Five Passenger Touring Car:

For this season, the Buick five-passenger Touring Car reaches the highest pinnacle of value that it has ever attained. Always mechanically fine, always positive in power and in action, this car may also be singled out for its beauty, its convenience or its comfort.

Riding in this Touring Car, you will be conscious of a new sense of ease. The seating has been rearranged and lowered, so that you sit more securely within the body, with more leg room and more support at back and sides. The new springs, with their main leaves of vanadium steel, have less rebound and more resiliency. So top front and rear, is piped to match the cushions and backs. The tonneau has the addition of a tonneau lamp, and the heel board is covered with carpet. The upholstery on the back of the front seat has been redesigned, with a large compartment for the side curtains, and carries a leather-covered robe rail with nickel mountings. The rear curtain light has been enlarged and the door pockets are both neater and larger.

The windshield is adjusted from the inside, with a new weather strip completely sealing the opening between the upper and lower frames, with a wiper mounted firmly in the upper frame. There are improved side curtains, with increased area of visibility, split lights, and a signal pocket for the driver.

The frame is heavier and lower; the brakes are larger and more powerful; bows obstruct your vision, no side sway disturbs your poise.

Driving, you note that your hands rest more naturally on the lowered wheel, and that a slight movement of the wrist brings the control lever under your fingers. On the dash you have a perfect index to the performance of the motor lubrication system and the generator, together with a speedometer, cowl ventilator adjustment, carburetor choke adjustment, ignition and light controls, with instrument light.

The sides of the body are trimmed clear up under the cowl and a neat carpet covers the tonneau floor. The trimming on the sides of the seats, the one-piece crowned fenders are more beautiful and more serviceable; there is a positive theft lock on the transmission; in the cowl is a new type ventilator, with rash adjustment headlights and parking lights are of the drum type; running board scuff plates protect the dust apron; new hood catches anchor the hood firmly and prevent rattle; new rear fender wings close the gap between fenders, frame and gasoline tank; handsome, etched plates are on every threshold; not a tack is anywhere visible throughout the upholstery.

With new lines and with almost lavish refinements throughout, the Buick Model 45 Touring Car matches in beauty, convenience and comfort the fine mechanism upon which its reputation has been built.

## TERMINALS ESTABLISHED.

Motor freight terminals are now established in Cleveland, Cincinnati, Baltimore, Grand Rapids, Louisville, Minneapolis, New York and St. Louis.

## OAKLAND WINS SECOND GREAT ECONOMY RUN.

A Six-44 Oakland again won both the sweepstakes and class cups in the second great Economy run on the Pacific coast.

Bettering the phenomenal record made in the recent Posomite Economy run, another Six-44 Oakland swept the field before it in the Sun-Motor Car Dealers' Economy run from San Diego to El Centro and back, a distance of 246 miles.

The Oakland averaged 40.39 actual miles to the gallon of gasoline and 59.37 ton miles per gallon of gasoline.

There was no oil consumption and but one-half pint of water was used. The gasoline used was 6.09 gallons. Not a mechanical adjustment was made on the hard, hot trip over mountain and desert, with the thermometer registering 113 degrees in the valley.

The Oakland car was entered by the Oakland dealers at San Diego and the car was driven by Harry Neville. It was not the same Oakland car that won both the class and sweep-stake cups in the Yosemite Economy run, indicating the general economical operation of the Oakland car, which is the only car carrying a 15,000-mile guarantee. The cars were allowed 12 hours for the run.

In the sweepstakes award the oil and water are also taken into consideration. In this case the weight of the car in tons is multiplied by the number of miles driven and then 10 is deducted for each quart of water and 10 for each pint of oil used. This result is divided by the number of gallons of gasoline used.

## TIRE STORE PUTS OUT STRONG ARGUMENT FOR THIS CAR.

tractive value ever offered by Hudson. The Hudson Coach is the most attractive.

Think of a closed car on the famous Super-Six chassis, for \$1745.

That is only 6 per cent above the cost of the Hudson open models. It is the lowest differential between open and closed cars ever attained. It is a sensational achievement in car manufacture.

And now it has a new and greater motor. Even Hudson owners marvel at the change. Performance is wholly altered—smoother, quicker, more re-

The Coach is the most popular type liable.

Hudson ever built. Be sure to see it and take a ride. Early deliveries will be possible only for those who place their orders at once.

## TIRE TORE BOOSTS

THE ESSEX WITH CONVINCING ARGUMENT.

The Essex Coach gives all the utility, protection and comfort of the closed car, on the famous Essex chassis. Yet the cost is less than an open model of any car to which you compare Essex in quality, ability and endurance.

This car meets a genuine demand for useful value. Motorists want its round comfort, protection and distinction. And they get these qualities in the Coach at an important saving in first cost.

The Coach body is substantially and solidly built. Quietness, smart appearance and weather resistance are its chief distinctions. It will endure

in good useful service for years.

We will gladly arrange a ride for you whenever convenient.

## RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

## Post Office Filling Station

Gas, Oil, Free Air and Water. Tires, Tubes.

EVANS'  
Corner

This corner is devoted to business, politics and general news.

Brother Geo. E. B. Peddy, of Houston, a life-long prohibitionist, an avowed woman suffragist, a leader of student body of State University against Jim Ferguson, an efficient Sunday School teacher in the Methodist church, will carry the banner of Independent Republican-Democrats of Texas against Earle B. Mayfield for the United States Senate. All the disgruntled defeated Democrats and politicians can fall into this band wagon and find a good seat.

The Village Blacksmith from east Texas will no doubt be found on the band wagon.

If Jim Ferguson had been nominated it would have been my duty as a Democrat to support him—even though it be a bitter pill. And I would have voted for him in November.

Is your word or pledge worth the paper it is written on?

There is going to be lots of news in the papers from now on, and you should get a good pair glasses from me, so that you can keep posted on all affairs. Keep your watch in good running order.

GUS EVANS  
Jeweler and Optometrist

Geo. A. Thomas & Sons, Drug Store.

NEGRO FARM AGENT  
FOR MILAM COUNTY

TO WORK AMONG NEGRO FARMERS FOR BETTER FARMING METHODS.

H. S. Estelle, negro, has been appointed to act as District Farm Demonstrator in Milam county to work among the negro farmers of the county. His headquarters will be in Cameron.

After a competitive examination

at Prairie View College on September 5, by the board of examiners appointed by Director T. O. Walton, being the highest competitor Estelle was appointed as having qualified to serve as a county farm demonstrator among the negro farmers of the county. He is a graduate of Prairie View in agriculture and also in the normal department. He taught school for a number of years and now will devote his time to the service of agriculture among the people of his race.

The Quinine That Does Not Affect The Head  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or dizziness in the head. F. W. GROVE'S signature on box.

## MORE LIVE STOCK, BIGGER AGRICULTURAL EXHIBIT AT 1922 COTTON PALACE

Waco, Texas.—The farmer, or the man interested in livestock and agriculture, will have plenty to see and think about at this year's Cotton Palace Exposition, according to F. E. Goodman, director in charge of these departments.

Practically all space in the live stock department was contracted for several weeks ago, and Mr. Goodman is confident he will have a winning show. Particularly pleasing is the fact that many new exhibitors, owners of some of the finest herds in this and other states, are included in the list of those making application for Cotton Palace space.

There will be no end to the agricultural display. Canada is sending a huge exhibit of its best agricultural products, space having been contracted for many months ago. A recent letter from A. W. Tolmie, exhibition commissioner of Canada, states that the big exhibit is being assembled and will be sent to the Cotton Palace without fail. Thus visitors to the Cotton Palace will have an opportunity to see the Canadian product and also can compare it with the best of Texas agriculture.

West Texas is again competing for first place in Texas agricultural exhibits. Porter A. Whaley, secretary-manager of the West Texas Chamber of Commerce, has written President Crawford his organization expects to repeat again this year. In 1921 West Texas captured first place for the best agricultural exhibit, the prize being \$1000. The same amount is offered again this year for sectional exhibits. This is in addition to the regular premiums offered by the Cotton Palace association.

### DIVING HORSE TO BE COTTON PALACE FEATURE

Waco, Texas.—The great Carver show, featuring the world's greatest diving horse, ridden bareback by the Girl in Red, in a forty foot plunge into a tank of water, will be one of the free attractions at the Texas Cotton Palace this year, which opens on October 21 and closes November 5.

"Katawah," the diving horse, is declared to be the most perfectly trained animal in the world, while the Girl in Red, who is none other than Miss Jack Carver, enjoys the distinction of being absolutely fearless, in addition to the reputation she enjoys as among the best lady swimmers in the world.

The Carver attraction has held an enviable position in the amusement world for a number of years. Dr. Carver is the originator of high diving horses, also the girl rider in the great leap. He is a living example of the humane method of training horses with sugar and kindness, having only to speak to his great diving horse, "Katawah," and the wonderful animal performs his every bidding. And for this faithfulness "Katawah" expects only a lump of sugar.

### LOW RAILROAD RATES TO TEXAS COTTON PALACE

Waco, Texas.—Texas railroads have granted a rate of a fare and one-fifth from all points in Texas to Waco for the Cotton Palace, October 21 to November 5. Tickets to and from Waco will be on sale throughout the period covered by the Cotton Palace dates. As the Cotton Palace opens on October 21, tickets may be purchased at any point in Texas October 20, at the rate of a fare and a fifth, good returning until November 6, inclusive.

### INDOOR ICE SKATING

AT COTTON PALACE  
Waco, Texas.—Ice skating inside the big coliseum at the Texas Cotton Palace, Waco, will be something new for Texas. Five of the world's most proficient ice skaters will perform in a specially devised "ice lake." Skating on artificial ice in the north and east has long been one of the most entertaining indoor diversions. Visitors to the Cotton Palace will have the opportunity of witnessing this greatest of indoor sports.

### THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to summon Lewis Phillips by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regu-

lar term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 13th day of November 1922, the same being the second Monday in November 1922, then and there to answer a petition filed in said court on the 7th day of September 1922, in a suit numbered on the docket of said court No. 8731, wherein Leona Phillips is plaintiff and Lewis Phillips

is defendant said petition alleging: a cause of action for divorce, based upon the statutory grounds of 3 years abandonment, and of abandonment and adultery upon part of defendant, and praying for divorce, cost of suit, etc.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have

executed the same.

Witness, Penn Wolf Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 7th day of September A. D. 1922.

PENN WOLF,

Clerk of the District Court, Milam County, Texas. 20 ft.

# SOCIETY and Club

By MRS. W. A. GILLON

## GET-TOGETHER MEETING AT YOE HIGH SCHOOL.

At a call from the parent teachers association quite an assemblage of patrons and friends gathered at the auditorium of the Yoe High School last Monday night.

The object of the meeting was to welcome the new teachers, assure them of hearty co-operation and support.

Mrs. Howard Baskin, president of the Association presided and made a few remarks, explaining the object of the meeting and extended a hearty welcome to all, after which she introduced the following splendid program:

Piano Solo—Mr. Robert Smith.  
Reading—Mr. Harper.  
Violin Solo—Mr. Paul Medsker.  
Aims, purposes and plans of the Association—Mrs. Ben Atkinson.  
Vocal Solo—Miss Nelle DeBois.  
Piano Solo—Mrs. R. P. Jeter.  
Talk—Prof. L. T. Kidd.

Mrs. Atkinson's splendid talk, reviewing her visit to the State Mother's Congress in Dallas, telling what has been done is being done and plans for furthering the work of the Association was met with much enthusiasm and interest and as a result many present gave their names for membership.

The musical and reading numbers on the program emphasized the splendid opportunity for Cameron children along that line.

Prof. Kidd endorsed Mrs. Atkinson's splendid paper and urged the people to wake up, get busy and see that the plans were carried out if they wished to see results.

The Ladies of the Association had prepared a refreshing punch and there was an hour of introduction and conversation among the teachers and patrons. Everybody seemed happy and well pleased.

## STECHER-MAREK.

On Monday morning, September 18, a nuptial mass was held in the Marek church by Rev. Father Kacer, which united in the holy bonds of matrimony Miss Thyra Marek and Leo Stecher.

The bride was handsomely gowned in a white dress of Spanish lace over satin with a beautiful wreath and veil, carrying in her arm a bouquet of tube roses and ferns.

Her attendants were misses Adella Stecher, Carrie Marek, Rudolph Stecher and Steve Marek.

Witnesses Miles Matocha and Austin Wokaty.

Immediately after the ceremony the bride and groom and nearby relatives were summoned to the home of the brides parents Mr. and Mrs. Steve Marek where a sumptuous dinner awaited their coming.

The afternoon was spent with music and singing and all who attended spent a most pleasant time.

The bride and groom left in their car for their honeymoon to Corpus and other points, and after October 1st, will to make their home in Cameron.

The bride and groom, both have a wide circle of friends that wish for them a long and happy life.

A Guest.

## BIRTHDAY PARTY.

Master Hilliary Thomas celebrated his fifth birthday last Wednesday afternoon by inviting about sixty children to enjoy it with him.

Mrs. Thomas was assisted in entertaining the children in playing games on the lawn by Mesdames Albert Triggs and Andrew Freeman.

The children came laden with all kinds of toys and gifts to make a little boys heart glad.

Baskets of home made candy were passed to each child.

The large white birthday cake was rolled out on a beautifully decorated tea cart, the cake had five green candles on it and surrounded with queens wreath.

There were twelve emblems in the cake which delighted the children.

From a decorated table in pink and green, ice cream cones were served.

All the children went away happy and wishing Hilliary many happy returns of the day.

## PRESBYTERIAN AUXILIARY.

Circle number one met with Mrs. Frank Lesovsky with eight members present and two visitors, Mesdames A. Lesovsky and C. G. Smith, from Tulsa, Okla.

Rev. McFadyen visited the circle

and made an interesting talk and appeal for church and Sunday School attendance.

Mrs. Lesovsky served delicious ice cream and cake.

Circle number two met with Mrs. Wm. Stolz with nine present. The afternoon was pleasantly spent piecing a quilt for the Orphans Home. Delicious cream and cake was served.

Circle number three met with Mrs. Ben Atkinson with four present.

Towels were hemmed for the Orphans Home at Kerrville.

## BAPTIST AUXILIARY.

Circle number one met with Mrs. J. W. Coleman. Mrs. Bertha Brewer led the Missionary lesson. There were six members and one visitor, Mrs. Belle McKinney, of Waco.

Circle number two met with Mrs. Gus Evans. Mrs. George McGehee led the mission study. There were eleven present.

Circle number three met Mrs. Tom Randolph, with Mrs. Randolph leading. There were eight present and ice cream and cake was served.

Circle number four met at the church and Miss Winnie Henderson led the Bible Study. There were 8 present.

## OPENING OF CLUBS.

The season is at hand for the opening of the clubs of Cameron, Parent-Teachers' Association, etc. Plans are being made for a pleasant as well as profitable season among these organizations.

All clubs please take notice that Mrs. Gillon at 570, will be pleased to give your parties special care and attention.

## SIGMA PHI-KILKARE.

Miss Beth Jeter was charming hostess to this club last Wednesday afternoon including all the teachers and a few other friends.

Needle work was the diversion of the afternoon after which a delicious fruit salad, sandwiches and orange ice and wafers were served. The girls talked over their plans for the winter and had a gay afternoon.

## METHODIST MISSIONARY.

The ladies met at the church Monday with fine attendance and an interesting Mission lesson studied.

## A TRIBUTE TO JOE F. MONDRIK.

Joe F. Mondrik died in this city Sunday, September 17th after an illness of nearly five months. He had been engaged in the grocery business with his brother, Mr. Frank Mondrik, for a number of years and perhaps

did the largest retail grocery business in the city.

Joe Mondrik was well known in this county, having come to the county more than 40 years ago, when a boy about 9 years of age. He had a host of friends as was demonstrated at his funeral which occurred this afternoon, September 19th.

The writer does not remember to have seen such a crowd or funeral procession since his long stay of more than 35 years in Cameron.

The subject of this short sketch was not a member of any church. He knelt at no altar nor worshiped at any shrine, but he was one of God's noblemen and possessed those distinctive traits of character which made him more than an ordinary man. He was the personification of honesty, truthful and charitable with all that that means. He blew no trumpet when he gave alms, but was prompted by a love of his fellow man. No unfortunate cripple nor distressed widow ever held out their hands to him and went away uncared for.

The Rev. McFadyen officiated at his grave and together with Mr. Paldray a lawyer friend of the deceased, paid beautiful tributes to the dead, and the things they said of him I would rather have said at my grave than to have a marble shaft reaching up into the clouds. But he is gone from us to that "bourne from which no traveller returns" so let us trust as we believe that the great God who implanted these great traits of character in our friend will take care of him in the great hereafter.

A Friend.

## TULSA PLANNING TO ENTERTAIN VETERANS.

Tulsa, Okla., Sept. 19.—The Texas-Oklahoma veterans reunion of the 90th Division scheduled here for September 25th and 26th is arousing a great deal of interest among the ex-service men. This City is planning to entertain them royally and the officers of the 90th Division Association have some special "stunts" that will appeal to all the Buddies.

Headquarters will be maintained at the Hotel Tulsa. Great emphasis is being placed on the social and entertainment features—and the business sessions will not last more than a few hours.

Mr. Frank Bryan of Tulsa, Chairman of the Committee on Arrangements, announces that the Chamber of Commerce committee is enthusiastic over the convention plans. "The former service men" says Mr. Bryan "appreciate more every year the opportunity to renew friendships formed in service. It is taking them a few years to get the true perspective of the hardships of the old days."

Continuing he explained that he was just in receipt of a telegram from a rump banquet of 90th Division men that was held in Waco, Texas on September 13th while the American Legion Convention was in session, to the effect that Texas would be well represented at the Reunion.

More than 50 of the 90th Division men took part in this rump banquet, including Major Sim Southern, of the 358th Inf., Major, Ike Ashburn, now civilian commandant at Texas A. & M., Major Fred Lammons and Arthur

J. Reinhart, secretary of the 90th Division Association. Major Fred Lammons was assigned to duty with units that remained in Germany long after the 90th was relieved from the Army of Occupation, and Major Lammons returned to the United States only a few weeks ago. He is authority for the statement that the thirty-three bucks a month which the doughboy gets in Germany will buy as much as the pay check of a shave-tail in the U. S. A.

All men who were in the 90th Division are urged to attend the reunion and a good time is assured to everyone.

Advertising is not an expense, it's an investment.

## Take Your Cotton to R. L. Batte's Gin

WE HAVE THE MACHINERY THAT DOES THE WORK.

We have lately installed these new Super Cleaners at our Round Bale Gin at Cameron and also at our gin in Ben Arnold. These new Super Cleaners attached to each gin stand take out all leaf trash and raise your grade above any other cleaner in Milam county. We have not taken out any of our old cleaning machinery but have installed these additional and at our Round Bale Gin they are on the side that gins your square bales. No other cleaner like ours in Milam county but all gins will have them next season. These are the cleaners that got us cotton enough to cause us to run our Gin No. 2 day and night.

We clean the yard every day and you don't have to wait now. Bring us your seed cotton and cotton seed. We buy every day in the year except Sunday.

**R. L. Batte.**

## Are You Satisfied With what you have?

If so, 'nuff said

If not, let me know what you want and we will see what can be done about it, if it concerns real estate or loans.

## J. E. BELL

Real Estate, Insurance and Loans.

## HISTORY OF COTTON THROUGH 39 CENTURIES AT THE COTTON PALACE

Waco, Texas.—The history of cotton, how many people do you suppose have ever had occasion to learn the interesting past of the fleecy staple? We of Texas, the world's greatest cotton country, have learned to look upon cotton merely as a "crop." At the Texas Cotton Palace Exposition, at Waco, October 21 to November 5, there will be an exhibit revealing the history of cotton.

"Thirty-nine Centuries of Cotton Development" is the title of this exhibit. It has been gotten together by the manufacturers and mill owners of New York and the New England states, in co-operation with the Brooklyn museum, and is declared to be the most authentic historical cotton display, and cotton products, ever assembled. The many uses to which cotton is adapted, in all the countries where it is grown, together with every known variety, will be found in this exhibit. An idea of the immensity of the display can be gained from the fact that an expression is had in the exhibit from each of the centuries suggested by the title. From 1922 B. C. to 1922 A. D. the record runs so clearly that anyone may grasp its meaning.

It is peculiarly appropriate that this exhibit should be shown at the Cotton Palace, an institution established with and carrying the name of the state's greatest product. The fact that the exhibit is to be shown in the center of the world's greatest cotton producing area will no doubt be an incentive for all Cotton Palace visitors to want to see and learn more of the great wealth crop of the state.

### Contains 300 Specimens

When the magnitude of the exhibit is considered, containing at least 300 specimens, it can readily be realized the time and effort which has been required to assemble and prepare it for display. It is an authentic historical collection, including cottons from Peru, Guatemala, Nicaragua, Honduras, Mexico, the Southwest, India, Japan, Borneo, Burma, Java and Europe. It is no exaggeration to say that the exhibit covers thirty-nine centuries of cotton, as some of the Peruvian fabrics may safely be dated 2000 years before the Christian era, although there is no absolute chronology of this amazing civilization.

The Peruvian exhibit is a very large one, including at least fifty pieces of manufactured cotton goods, with an outline of the primitive processes of weaving, which differ not at all in principle from those employed today. An interesting study is the modern types of fabrics, gingham, wide sheetings, yarn dyes, prints, combed yarn goods, etc., and through the use of character dolls, typify each of the great cotton areas. In the printed exhibit will be a specimen of resist dyeing from the tombs of Peru, showing the interesting technique of batik a thousand years before Europe ceased to be a wilderness. Japanese stencils for block printing, painted curtains from India from a ruined temple described in one of Kipling's stories, "Naulauhka," and Japanese batiks, including not only several splendid specimens of the fabrics, but a complete exhibition of the processes, including the little instrument used to apply the wax.

For the purpose of better aiding the display, the exhibit will include dolls dressed in the costume of Southern India, Java and Japan. These dolls are flat, cut out of wood with painted faces and will be accurate in each detail of costume. Each of the exhibits are gathered around some modern expression of technique or ornament, the thought being to link the beauties of the past with the fact of the day and show that each is a continuous process, that has gone on for thirty-nine centuries without interruption.

### COTTON PALACE RACE TRACK IMPROVEMENTS

Waco, Texas.—The automobile race track at the Cotton Palace is being rolled and put in first class condition for the races scheduled during this year's exposition. An effort will be made to have it made the equal of any dirt track in the country.

## THOUSANDS SEE KLAN CEREMONY IN CAMERON.

(Continued from page one.)

anthem rolling up to the stars. The speaker unknown to any of the spectators declared the purposes of the Klan and for more than an hour was cheered by the hooded figures massed about the cross and by many of the spectators. At the close of the speaking a barbecue was served for the Klansmen. It is said that the work of initiation was conferred by the Waco degree team which was accompanied by about 150 Klansmen from Waco. The event brought Klansmen from many of the adjoining counties.

So large was the ceremonial grounds that it required three hundred Klansmen to police it. There was no disturbance of any kind, the behavior of the crowds being excellent in every way. Armed Klansmen patrolled the fences and a special assignment of twelve deputy sheriffs was made to insure peaceful conduct of the ceremonies.

Special traffic officers were assigned to the grounds to direct the movement of the automobiles and to see that room was provided for all who came.

The initiation, the first to be held in this county, was arranged by the Cameron, Rockdale and Gause Klans, each of them furnishing its quota of Klansmen and of candidates for the initiation. It is said that the majority number of the candidates initiated are from Cameron.

The initiation perhaps attracted more interest than any event in recent years both because of the mystery of the Invisible Empire and the agitation over the issue in the county and state. In this way an accounting is made for that fact that the largest crowd ever assembled in the county saw the ceremony. The event is now history; the great cross, emblematic of that rough hewn structure of sacrifice which reared the Son of man to his death on a hillside near the ancient city of Jerusalem, has been dismantled; the mysterious robed figures have come and gone; some praise some condemn; yet all unite in the verdict that the occasion was one of great interest and brought thousands to Cameron.

### SHERIFF'S SALE.

#### THE STATE OF TEXAS

County of Milam.

By virtue of a certain Order of Sale issued out of the Honorable District Court of Williamson county, on the 11th day of September 1922, by C. H. Gee Clerk of said Court against Lena Wells Dossett for the sum of Two Thousand Five Hundred Forty Eight and 65-100 (\$2,548.65) Dollars and costs of suit, in cause No. 9274 in said Court, styled W. F. Southern vs. Lena Wells Dossett and placed in my hands for service, I, L. L. Blaylock as Sheriff of Milam County, Texas, did on the 20th day of August 1922 levy on certain Real Estate, situated in Milam County, described as follows, to-wit:

Lots numbers 15, 16, 17, 18, 19 and 20 in block No. 34 to the City of Cameron, Milam County, Texas, as shown by the map or plat records of said City as duly recorded in Deed Records of said County.

And levied upon as the property of said Lena Wells Dossett, and on Tuesday, the 7th day of November, 1922, at the Court House door of Milam County, in the City of Cameron, Texas, between the hours of ten A. M. and four P. M. I will sell said Real Estate at public vendue, for cash, to the highest bidder, as the property of said Lena Wells Dossett by virtue of said levy and said Order of Sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald a newspaper published in Milam County.

Witness my hand, this 20th day of September 1922.

L. L. BLAYLOCK,

Sheriff Milam County, Texas.

By J. R. Robinson, Deputy. 21-31

### CARD OF THANKS.

We wish to express our sincere thanks to all friends who ministered to our son and brother during his long illness and who came to us with words of sympathy and comfort at his death.

We are especially grateful to Rev. H. R. MacFadyen pastor of the Presbyterian church, to those who sang at the funeral and to those who sent the beautiful flowers for the casket.

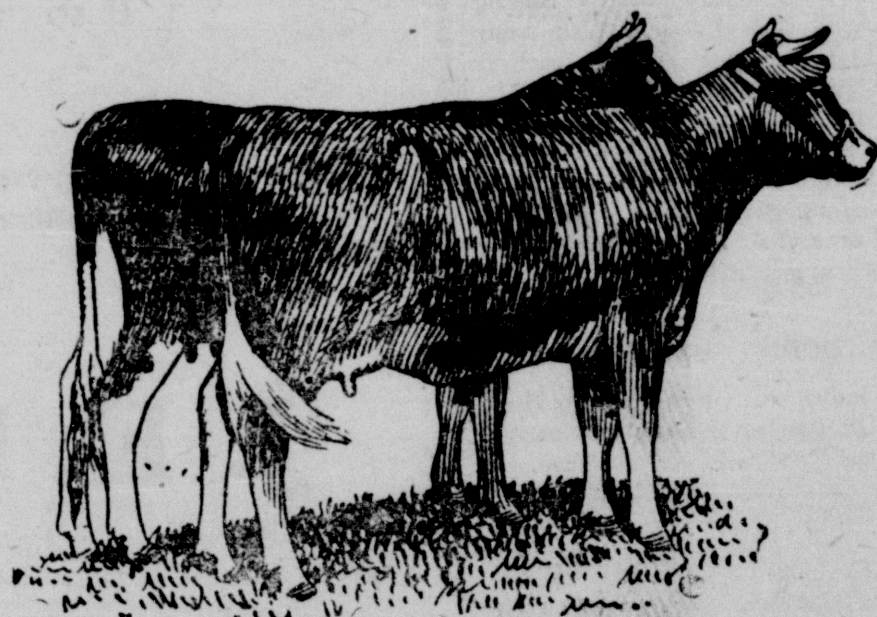

Joseph Mondrik, Sr.,  
Sons and Daughters.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then drive off or devour the worms, and the child will be in perfect health. Pleasant to take. One per bottle.

# COME TO CAMERON September 29 and 30

## To The MILAM COUNTY Fair and Livestock Show
